What is the appropriate Occupational Employment and Wage Survey (OEWS) wage level?

When applicable, registrations (or petitions) will be weighted and selected generally based on the Occupational Employment and Wage Survey (OEWS) wage level that the beneficiary's proffered wage equals or exceeds for the relevant Standard Occupational Classification (SOC) code in their area(s) of intended employment.

You must select the appropriate wage level based on the highest OEWS wage level that the beneficiary's proffered wage equals or exceeds for the relevant SOC code in the area(s) of intended employment when OEWS wage level is available. If the beneficiary's proffered wage is lower than OEWS wage level I, because it is based on a prevailing wage from another legitimate source (other than OEWS) or an independent authoritative source, you must select "wage level I." If the beneficiary will work in multiple locations, or in multiple positions if you are filing the petition as an agent, you must select the lowest corresponding OEWS wage level that the proffered wage will equal or exceed. If the proffered wage is expressed as a range, you must select the OEWS wage level that the lowest wage in the range will equal or exceed. If the relevant SOC code does not have current OEWS prevailing wage information available, you must follow U.S. Department of Labor guidance on prevailing wage determinations to determine which OEWS wage level to select.

The OEWS wage level selected must reflect the corresponding OEWS wage level as of the date that the registration underlying the petition was submitted. However, if the registration process is suspended, the OEWS wage level selected must reflect the corresponding OEWS wage level as of the date that the petition is submitted.

Note: The proffered wage is the wage that you intend to pay the beneficiary as indicated on the petition. The SOC code and area(s) of intended employment should be indicated on the LCA filed with the petition. The petition must contain and be supported by the same position information, including SOC code, provided in the selected registration and must include a proffered wage that equals or exceeds the prevailing wage for the corresponding OEWS wage level reflected in the registration. In circumstances where the prevailing wage is based on a private wage survey and is lower than level I, the proffered wage on the H-1B petition must equal or exceed the prevailing wage reflected in the private survey used to register the beneficiary at OEWS level I. In its discretion, USCIS may find that a change in the area(s) of intended employment would be permissible, provided such change is consistent with the requirement of a bona fide job offer at the time of registration.
