SUPPLEMENTARY INFORMATION: Pursuant to Executive Order (E.O.) 12148, as amended by E.O. 12673 and E.O. 13286, the President of the United States has delegated to the Department of Homeland Security (DHS), including FEMA, the authority to provide case management services pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act (Stafford Act), 42 U.S.C. 5189d. Under the Stafford Act, FEMA may provide DCM services directly to survivors through financial assistance to State, Tribal, or local government agencies or qualified private organizations. DCM services include identifying and addressing disaster-caused unmet needs of survivors through identification of, and referrals to, available resources. A disaster-caused unmet need is an un-resourced item, support, or assistance that has been assessed and verified as necessary for a survivor to recover from a disaster. This may include food, clothing, shelter, first aid, emotional and spiritual care, household items, home repair, or rebuilding. When a case manager speaks to a survivor, they will ask the survivor to provide information through a series of questions (data elements), as outlined within the intake form. This will allow the case manager to better understand the survivor's disaster-caused unmet needs, to identify what types of referrals the case manager may provide, and to decide whether there is a need to meet again to address continuing disaster-caused unmet needs. Case managers then type the responses to the data elements into their proprietary electronic secured case management database.

This proposed information collection previously published in the **Federal Register** on August 1, 2025, at 90 FR 36167 with a 60-day public comment period. One public comment was received (FEMA-2025-0047-0002) that suggests changes to the overall Disaster Case Management Program, but not germane to these collection forms. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.

Collection of Information

Title: FEMA-Administered Disaster Case Management.

Type of Information Collection: Reinstatement, without change, of a previously approved information collection.

OMB Number: 1660-0152.

FEMA Forms: FEMA Form FF-104-FY-21-146, Administered DCM Intake Form; and FEMA Form FF-104-FY-21-147, Consent Form.

Abstract: This collection tool will primarily be used as a guide to support FEMA-administered DCM case managers by outlining the allowable data elements they can collect from survivors on behalf of FEMA. While there will be a paper collection tool, the case managers will primarily be using the tool as a reference for data elements they can collect and using their own case management database systems to guide the order in which the elements are collected. The elements within the tool are used to assess, screen, and refer disaster survivors to available resources that address their specific disaster-related unmet needs. Case managers then take the information from the intake form and manually upload the data into their secured case management database. Prior to any data collection, survivors will complete and sign a FEMA administered DCM Consent Form, authorizing FEMA, or its agent, to collect data from the survivor in order to effectively provide case management services.

Agency Information Collection Activities: Proposed Collection, Comment Request; Application for Surplus Federal Real Property Public Benefit Conveyance and BRAC Program for Emergency Management Use

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 60-Day notice of extension and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA), as part of its continuing effort to reduce paperwork and respondent burden, invites the general public to take this opportunity to comment on an extension of a currently approved information collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, this notice seeks comments concerning the application process for the conveyance of Federal real property for public benefit. The purpose of this application is to implement the processes and procedures for the successful, lawful, and expeditious conveyance of real property from the Federal Government to public entities such as State, local, city, town, or other like government bodies as it relates to emergency management response purposes, including fire and rescue services. Compliance will ensure that properties will be fully positioned to use at their highest and best potentials as required

by General Services Administration (GSA) and Department of Defense (DOD) regulations, Federal law, Executive Orders, and the Code of Federal Regulations (CFR).

DATES: Comments must be submitted on or before April 13, 2026.

ADDRESSES: To avoid duplicate submissions to the docket, please submit comments at <http://www.regulations.gov> under Docket ID FEMA-2025-0212. Follow the instructions for submitting comments.

All submissions received must include the Agency name and Docket ID. Regardless of the method used to submitting comments or material, all submissions will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to read the Privacy and Security Notice that is available via a link on the homepage of <http://www.regulations.gov>.

SUPPLEMENTARY INFORMATION: Excess Federal real property is defined as property that is no longer mission critical to the needs of the Federal Government. The conveyance and disposal of excess real property is governed by the Federal Property and Administrative Services Act of 1949 (Property Act) as amended, 40 U.S.C. 541, *et seq.*, 40 U.S.C. 553, and applicable regulations (41 CFR parts 102-75.750 through 102.75.815). Under the sponsorship of FEMA the Property Act gives the GSA Administrator authority to convey Federal real and related surplus property (without monetary consideration) to units of State and local government for emergency management response purposes, including fire rescue services. The scope and philosophy of GSA's real property policies are contained in 41 CFR part 102-71.
