A. National Historic Preservation Act - Historic Buildings and Structures

1. Does your project affect or is it in close proximity to any buildings or structures 50 years or more in age?

☒ Yes

Please confirm that you have provided the information listed below by selecting each check box. (If you have not provided these documents in any other section of the application, please attach the required documents below.)

☐ The property address and original date of construction for each property affected (unless this information is already noted in the Properties section).

☐ A minimum of two color photographs showing at least three sides of each structure (Please label the photos accordingly).

☐ A diagram or USGS 1:24,000 scale quadrangle map displaying the relationship of the property (s) to the project area.

To help FEMA evaluate the impact of the project, please indicate any other information you are providing in the attachments or comment section below: (optional)

☐ Information gathered about potential historic properties in the project area, including any evidence indicating the age of the building or structure and presence of buildings or structures that are listed or eligible for listing on the National Register of Historic Places or within or near a National Register listed or eligible historic district. Sources for this information may include the State Historic Preservation Officer, and/or the Tribal Historic Preservation Officer (SHPO/THPO), your local planning office, historic preservation organization, or historical society.

☐ Consideration of how the project design will minimize adverse effects on known or potential historic buildings or structures, and any alternatives considered or implemented to avoid or minimize effects on historic buildings or structures. Please address and note associated costs in your project budget.

☐ For acquisition/demolition projects affecting historic buildings or structures, any data regarding the consideration and feasibility of elevation, relocation, or flood proofing as alternatives to demolition.

☐ Attached materials or additional comments.

Please provide an explanation and any information about this project that could assist FEMA in its review. (optional)

☐ No

☐ Not known

If you select Yes you must place a check mark in all three blocks as shown below.

B. National Historic Preservation Act - Archeological Resources

Does your project involve disturbance of ground?

☒ Yes

Please confirm that you have provided the information listed below by selecting each check box. (If you have not provided these documents in any other section of the application, please attach the required documents below.)

☐ A description of the ground disturbance by giving the dimensions (area, volume, depth, etc.) and location.

☐ The past use of the area to be disturbed, noting the extent of previously disturbed ground.

☐ A USGS 1:24,000 scale or other site map showing the location and extent of ground disturbance.

You are required to select the check box(es) above.

To help FEMA evaluate the impact of the project, please indicate below any other information you are providing. (optional)

☐ Any information about potential historic properties, including archeological sites, in the project area. Sources of this information may include SHPO/THPO, and/or the Tribe's cultural resources contact if no THPO is designated. Include, if possible, a map showing the relation of any identified historic properties to the project area.

3. Is your project in, near (within 200 feet), or likely to affect any type of waterway or body of water?

☒ Yes

If Yes, and project is not within an existing building, you must confirm that you have provided the following: (If you have not provided these documents in any other section of the application, please attach the required documents below.)

☒ A USGS 1:24,000 scale quadrangle map showing the project activities in relation to all nearby water bodies (within 200 feet).

☒ Any information about the type of water body nearby including: its dimensions, the proximity of the project activity to the water body, and the expected and possible changes to the water body, if any. Identify all water bodies regardless whether you think there may be an effect.

☐ A photograph or digital image of the site showing both the body of water and the project area.

You are required to select the check box(es) above.

To help FEMA evaluate the impact of the project, please indicate below any other information you are providing. (optional)

☐ Evidence of any discussions with the US Fish and Wildlife Service (USFWS), and/or your State Wildlife Agency concerning any potential impacts if there is the potential for the project to affect any water body.

Please provide an explanation and any information about this project that could assist FEMA in its review. (optional)

J. Summary and Cost of Potential Impacts

J. Summary and Cost of Potential Impacts

Having answered the questions in parts A. through J., have you identified any aspects of your proposed project that have the potential to impact environmental resources or historic properties?

☒ Yes

If Yes, you must confirm that you have provided the following: (If you have not provided these documents in any other section of the application, please attach the required documents below.)

- ☐ Evaluated these potential effects and provided the materials required in Parts A through J that identify the nature and extent of potential impacts to environmental resources and/or historic properties.
- ☐ Consulted with appropriate parties to identify any measures needed to avoid or minimize these impacts.
- ☐ Considered alternatives that could minimize both the impacts and the cost of the project.
- ☐ Made certain that the costs of any measures to treat adverse effects are realistically reflected in the project budget estimate.

Please enter your comments below. (optional) : (Please indicate why in the text box below and any information about this project that could assist FEMA in its review).
