

Dear [PRIMARYCONTACTNAME],

The EIA-7A Annual Coal Production and Preparation Survey was due on Thursday April 1, 2021. As of today the survey(s) required with 2020 data for your company have not been received and are currently considered delinquent. Please submit these surveys with 2020 data as soon as possible.

This report is mandatory under Section 13(b) of the Federal Energy Administration Act of 1974 (Public Law 93-275) as amended (codified at 15 U.S.C. 772). Failure to comply may result in criminal fines, civil penalties, and other sanctions as provided by the law.

All coal mining companies that owned a mining operation which produced 25,000 or more short tons of coal during the reporting year must submit form EIA-7A, except for anthracite mines. All anthracite mines that produced 10,000 or more short tons during the reporting year must submit form EIA-7A. Standalone facilities (e.g., preparation plant/tipple/loading dock/train loadout) that worked 5,000 or more hours must also submit this form.

If you believe you have submitted the required data and are receiving this email in error, please email EIA-7A@eia.gov.

User ID: [SSOUSERID]

Please login to our e-filing system at <https://signon.eia.doe.gov/ssoserver/login> and submit the required data.

If you are a new preparer and need to register for a User ID to access the e-filing system, please contact us as soon as possible so we can assist you.

Your cooperation is greatly appreciated.

Alannah Creswell
