OMB No. 2050-0106

Expiration

This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2050-0106). Responses to this collection of information are required to obtain or retain benefits (40 CFR 307). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information is estimated to be 110 hours per response. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to the Deputy Director, Data & Enterprise Programs Division (DEPD), U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

Application for Preauthorization of a CERCLA Response Action

General Instructions: Complete all fields. If an item is not applicable to your preauthorization request, enter "N/A" in the appropriate field. Attach additional supporting information in a separate file with your application. Specific instructions are presented on page 4 of this form.

I. Introductory Material

A. Name, Title and Address of Applicant(s):

B. Name of Site:

C. Eligibility

- ☐ Individual ☐ PRP
☐ Company/Firm ☐ Other
☐ Foreign Applicant

D. Name, Title, and Address of Agent (if any) Authorized to Represent the Applicant:

II. Relates to Actual or Threatened Release of a Hazardous Substance, Pollutant or Contaminant

A. Date/Time (am/pm) of release (if known): B. Location of the release:

C. Is the release or threat of release at a National Priorities List (NPL) Site? If yes, what is the site name on the NPL?

D. Provide a short description of the release or threat of release.

E. Was the National Response Center contacted? If yes, provide the date and the manner of the notice. If no, explain why not.

III. Relates to Potentially Responsible Parties (PRPs)

A. Are you a person whom EPA previously identified as a PRP for the site in question? If yes, provide date of notice letter.

B. If you have not been identified as a PRP, do you fall within one of the four categories of potentially liable parties set forth in section 107(a) of CERCLA? If yes, describe why.

C. Is this application to be approved in the context of a consent order or decree? If yes, provide information as to the status of the settlement negotiations, provide the name of the relevant EPA contact person, and attach the most recent draft of any settlement agreement.

Date MM/DD/YYYY

United States Environmental Protection Agency
Washington, DC 20460

OMB No. 2050-0106

Expiration

D. Have you identified any PRPs for the release or threat of release in question? If yes, attach a list of known PRPs and describe the results of any contacts with them, including, but not limited to, any correspondence, agreements, or litigation with such parties. If no, describe efforts to identify PRPs.

IV. Relates to Proposed Response Action

A. Briefly summarize the proposed response action and attach a schedule of major response activities.

B. Identify which provisions of the National Contingency Plan (NCP) are applicable for the proposed types of response activity (e.g., removal, remedial investigation/feasibility study) and describe how the proposed action will be conducted in accordance with those provisions.

C. Address how the proposed response action will be consistent with the NCP with regard to the following performance standards:

1. Worker training, health and safety, and the safety of the public.

2. Community relations plan.

3. Compliance with legally applicable, or relevant and appropriate, Federal and State environmental requirements (ARARs).

V. Relates to Applicant's Capabilities

Describe your capabilities to carry out the proposed response actions.

VI. Relates to State or Tribal Consultation

Attach a letter signed by the designated State or Tribal official demonstrating consultation. If no letter is attached, explain.

VII. Relates to Long-Term Operations and Maintenance (O&M) (if applicable, attach supporting documentation)

- ☐ I will provide a bond or other financial assurance for O&M.
- ☐ The State has agreed to provide for O&M.

VIII. Relates to Projected Costs

Date MM/DD/YYYY

A. Provide the projected costs for each proposed response activity and attach an explanation of why each of these costs is "necessary."

B. Provide a proposed schedule for the submission of claims.

IX. Relates to Project Management

A. Describe the management structure to be put in place to implement the proposed project and to control financial matters.

B. Describe your procedures for comprehensively documenting the work performed and the costs incurred for all phases of the proposed response action.

C. Describe your procedures for reporting to EPA on the progress of the proposed project and for EPA oversight.

D. Describe your proposed procurement procedures.

Certification

I certify that all information herein is true to the best of my knowledge. I agree to supply additional information, as requested, in support of this application and access to the site for purpose of inspection.

Signature of Applicant/Date

CERCLA Penalty for Presenting Fraudulent Claim

Any person who knowingly gives or causes to be given false information as a part of a claim against the Hazardous Substance Superfund may, upon conviction, be fined in accordance with the applicable provisions of Title 18 of the United States Code or imprisoned for not more than 3 years (or not more than 5 years in the case of a second or subsequent conviction), or both. (42 USC 9612 (b)(1)).

Civil Penalty for Presenting Fraudulent Claim or Making False Statements

The claimant is liable to the United States for a civil penalty of \$2,000 and an amount equal to two times the amount of damages sustained by the Government because of the acts of that person, including costs of the civil action.

Criminal Penalty for Presenting Fraudulent Claim or Making False Statements

The claimant will be charged a maximum fine of not more than \$10,000 or be imprisoned for a maximum of 5 years, or both (See 62 Stat 698, 749, 18 USC 287, 1001)

Instructions to Apply for Preauthorization of a CERCLA Response Claim

This form is to allow parties to apply for EPA preauthorization of a claim against the Hazardous Substances Superfund (Fund) as authorized by sections 111(a)(2) and 112 of the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (CERCLA). EPA preauthorization is required before a party can begin response work if that party desires Fund reimbursement of his/her response costs. The regulatory procedures for obtaining preauthorization from EPA are found at 40 CFR Part 307.

This collection of information is approved by OMB under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2050-0106). Responses to this collection of information are voluntary (40 CFR Part 307). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting burden for the completion of this form is estimated to vary, averaging 110 hours per application. These estimates include the time needed to review instructions, search existing data services, and gather and maintain the data needed for completing and reviewing the collection of information. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to the Regulatory Support Division Director, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

The applicant bears the burden for demonstrating that scarce Fund resources should be utilized for this project. Consequently, all preauthorization applications should be factually thorough, well-documented and based on sound analysis. Due to the complexity of the issues involved, it is in the applicant's best interest to organize the submission so that it can be easily read by EPA officials.

In many cases, the spaces provided on this form will be insufficient for a full presentation of the information solicited. In such circumstances, the applicant shall attach supporting documentation and provide clear cross-references between the items on this form and the attachments.

A number of items will also require that the applicant provide appendices. In these appendices, the applicant shall supply sufficient documentation to support the statements presented in the form. Since it would be impractical and undesirable to include all supporting data, the appendices should usually consist of detailed summaries of the primary data. However, the original documents should be identified, catalogued and available for presentation, if requested. As with the attachments, the applicant shall provide clear cross-references between this form and the appendices.

Applicant should consult 40 CFR section 307.22(g) to assert any claims of business confidentiality.

When completed, this form should be sent electronically to CERCLA_Forms@epa.gov for review and consideration by the Office of Superfund Remediation and Technology Innovation.

The sections below provide instructions for particular items on the claim form.

- I. A. Provide the name, title, and address of the person(s) submitting this application. If the claim is submitted by a group of persons who have created a legal entity to act as Claimant, information should be provided concerning the identity and location of both the entity and the constituent parties.
- B. Self-explanatory
- C. Check all that apply

Date MM/DD/YYYY

Expiration

D. "Agent" refers to any duly authorized agent, executor, administrator, or other legal representative of the applicant. If this preauthorization application is submitted by such an agent, he/she must present evidence of authority to so represent the applicant. (See 40 CFR Section 307.20)

II. A-C. Self-explanatory

D. This description must include the following information: the type of vessel and facility; the type and quantity of hazardous substance (including whether the substance is listed under CERCLA section 102; and a description of the surrounding population and/or environmental risk.

E. Self-explanatory

III. A. Check whether you are a person who EPA previously identified as a potentially responsible party (PRP).

B. Check whether you have reason to believe, without regard to whether a defense under Section 107(b) may be available, that you may be a person described as follows:

- 1) the owner or operator of a vessel or facility,
- 2) any person who at the time of disposal of any hazardous substance owned or operated any facility at which such hazardous substances were disposed of,
- 3) any person who by contract, agreement, or otherwise arranged for disposal or treatment, or arranged with a transporter for transport for disposal or treatment, of hazardous substances owned or possessed by such person, by any other party or entity, at any facility or incineration vessel owned or operated by another party or entity and containing such hazardous substance, or
- 4) any person who accepts or accepted any hazardous substances for transport to disposal or treatment facilities, incineration vessels, or sites selected by such person, from which there is a release, or a threatened release of a hazardous substance, which causes the incurrence of response costs.

C. If you answered Yes for item A or B and NO for this item, explain why this application is not to be approved in the context of a consent order or decree. Describe the status of any settlement negotiations.

D. List all PRPs known to you. Describe any contacts with PRPs and any reply from such parties. If PRPs are unknown, describe efforts to locate PRPs.

IV. A. Self-explanatory

B. Describe the response action(s) that is the subject of this request (e.g., removal, RI/FS, selection of remedy, design, construction), and methods proposed for carrying out such actions, including site sampling plan and quality assurance procedures. Address the requirements contained in 40 CFR 307.22.

C. Worker/community health and safety plan. The worker plan must comply with OSHA Safety and Health Standards at 29 CFR Part 1910.120. The community plan must address the protection of area residents from the physical, chemical and/or biological hazards particular to the site and the selected response.

Community Relations Plan. The applicant need not develop a plan if the response action is of short duration or a community relations plan already exists for the site at issue.

Expiration

ARARs. See 40 CFR Sections 300.400(g), 300.430(f)(3)(iv).

- V. Include a discussion of financial and technical/scientific capabilities.
- VI. If a letter of cooperation signed by the designated State or Tribe is not attached to an application to undertake a remedial action, explain efforts made by the applicant to obtain such cooperation.
- VII. Self-explanatory
- VIII. A. The figures provided on the form should be the overall cost for a particular type of response activity (e.g., removal, RI/FS, design). Documentation should be attached to support each cost figure. In addition, the applicant must explain why each of the proposed costs is "necessary." "Necessary" costs are those which are 1) required, 2) reasonable, 3) allowable, and 4) allocable according to Federal cost principles. Federal cost principles are described in 2 CFR Part 200.

B. A proposed schedule for the submission of claims should be provided. Applicants are encouraged to propose reimbursement based upon cash-flow considerations. The goal of an applicant should be to balance major capital expenditures and the completion of discussed tasks against the number and frequency of claims.
- IX. Self-explanatory
