RE: VA-2026-VACO-0001-0293, Agency Information Collection OMB 2900-0559

Dear Commenter,

The Department of Veterans Affairs (VA) National Cemetery Administration acknowledges your recent submission in response to the renewal notice for the information collection (OMB Control Number: 2900-0559).

To clarify, the purpose of the Notice is to renew the Office of Management and Budget's approval of the forms, Grant Funded Cemetery Data Sheet and Cemetery Grant Documents required by regulation. Your comments seemed to associate the renewal notice with the anniversary of the U.S. National Anthem. While we appreciate the patriotic sentiment of the comments they have no substantive bearing on the collection of information, consequently we will make no changes based on comment.

Thank you for response to this information collection activity and for your support of our Nation's Veterans.
