USDA Forest Service
Timber Products Output Survey
160 Holdsworth Way
Amherst, MA 01003-9285

Dear Mill Owner/Operator,

On a recurring basis, the USDA Forest Service, in coordination with your State Natural Resources Agency, conducts surveys of primary wood processing facilities to assess the amount of wood being processed. This information is used by policymakers, forest managers, forest industry experts, and others who evaluate trends in forest products to make informed decisions about available forest resources.

This survey is completely voluntary, but your participation is critical for making the results comprehensive, accurate, and timely. All information provided will be held in strict confidentiality with only data summaries publicly available.

All primary wood processing facilities in your state are being asked to complete the attached postcard. A subset of facilities will be contacted and asked for more detailed information.

Please provide information for the calendar year [YEAR]. If complete records are not available, please provide your best estimate. Your help in making this survey as complete and accurate as possible is greatly appreciated. If you have any questions, please contact us.

Thank you,

Paperwork Reduction Act Notice

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995, unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0596-0010. Without this approval, we could not conduct this information collection. Public reporting for this information collection is estimated to be approximately 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. All responses to this information collection are voluntary. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to the U.S.D.A. Forest Service email address SM.FS.InfoCollect@usda.gov and include the OMB Control Number in the subject line.
