SUPPLEMENTARY INFORMATION: Section 312 of the Coastal Zone Management Act (CZMA) requires NOAA to conduct a continuing review of the performance of federally approved coastal management programs. During the evaluation, NOAA will consider the extent to which the State of California has implemented and enforced the program approved by the Secretary, addressed the coastal management needs identified in the CZMA, and adhered to the terms of any grant, loan, or cooperative agreement funded under this chapter of the CZMA. These public meetings will add to the input obtained from the previous public meeting held

in August 2024. In particular, NOAA seeks any new input from relevant stakeholders regarding spaceport infrastructure, offshore oil production, pipeline maintenance, desalination projects, and undersea cables. When the evaluation is complete, NOAA's Office for Coastal Management will place a notice in the **Federal Register** announcing the availability of the final evaluation findings.
