

CQIC Family of Measures Survey

Tribal Home Visiting Resource Institute for Excellence

[Please note this form will be entered into Qualtrics for data entry.]

Introduction

This survey is intended to measure the extent to which teams are making progress related to the overarching goal and/or primary drivers for the Tribal Home Visiting CQIC. Program leads and home visitors from each grant recipient team should complete this survey independently. This survey will take about 5-10 minutes to complete and will be completed at the beginning, middle, and end of the CQIC. Time to complete the survey will be provided during the first CQIC Learning Session and final CQIC Learning Session.

Please reach out to your Data TA Specialist if you have any questions.

Administrative Information

Cohort: _____

Grant recipient program name: _____

Role on THV program:

- Program lead
- Home visitor
- Evaluator/data analyst/data staff
- Other: _____

Survey Items

Please share the extent to which you agree or disagree with the following statements.

1. My home visiting program has clearly defined organizational values related to relationship building and providing culturally responsive services.

Strongly agree
 Agree
 Disagree
 Strongly disagree

guidance, or support have been most helpful to you (e.g., reflective supervision, feedback, coaching, team support).

14. Please share anything else you would like us to know about your experiences building relationships or engaging with families.

PAPERWORK REDUCTION ACT OF 1995 (Public Law 104-13) STATEMENT OF PUBLIC BURDEN: The purpose of this information collection is to support the implementation of the 2026 Tribal Home Visiting Continuous Quality Improvement Collaborative (CQIC) and to gather feedback from Tribal MIECHV program staff on their experiences implementing continuous quality improvement and culturally responsive, relationship-based home visiting practices. The information will be used to inform ACF's training and technical assistance and to understand staff perspectives on capacity and practice change. Public reporting burden for this collection of information is estimated to average 0.17 hours (approximately 10 minutes) per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. This is a voluntary collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995, unless it displays a currently valid OMB control number. The OMB # is 0970-0531 and the expiration date is 9/30/2028. If you have any comments on this collection of information, please contact tribalhv@acf.hhs.gov.
