VOLUNTARY CONSENT AND VERIFICATION

PROGRAMMER NOTE: IF CATI, KEEP ALL TEXT BOLDED

Intro.* [IF CATI: My name is [fill Interviewer Name] and I'm calling on behalf of the U.S. Department of Health and Human Services.] Recently, you should have received an invitation to complete a survey Mathematica is conducting for the U.S. Department of Health and Human Services.

WHY ARE YOU BEING ASKED TO COMPLETE THIS SURVEY AND PARTICIPATE IN THE STUDY?

[IF 2026 ADMINISTRATION: Recently,][IF 2030 ADMINISTRATION: Around a year ago,] in [MONTH/YEAR], you completed a Study Information Form that explained you might be contacted for a study called the Temporary Assistance for Needy Families (TANF) Pilot Evaluation. This survey is part of that study. The study is funded by the Administration for Children and Families at the U.S. Department of Health and Human Services and will help us learn about how TANF programs can serve people better. We are hoping to hear about your experiences after participating in [State TANF program], including your jobs, your health, how you are doing, and your use of benefits. Mathematica will send you a \$75 gift card once you complete the survey.

HOW WILL YOU KEEP MY INFORMATION SAFE?

All information collected on this survey will be kept private to the extent permitted by law. We have obtained a Certificate of Confidentiality from the National Institutes of Health. This helps us protect participants' privacy. This means no one can force the study team to give out information that identifies them, even in court. However, the certificate does not prevent us from making disclosures required by law. For example, if you report that you are going to hurt yourself or others, or that someone is hurting you, the study team may be required to report this to someone who can help make sure you are safe. Your name will not be attached to your responses, and no one outside the study team will see your responses, including your employer(s) or any programs that you may participate in. Your information will be combined with information from other individuals who complete this survey and no names or other identifying information will be reported.

PROGRAMMER NOTE: NEW SCREEN

WHAT ARE THE RISKS OF COMPLETING THIS SURVEY AND PARTICIPATING IN THE STUDY?

Completing this survey and participating in the study is voluntary. You may be uncomfortable answering some of the questions on this survey. If that happens, you can skip those questions and not answer them.

The study team will take many steps to keep all information private, but there is a small risk that someone else could see it. The data collected will include information about your employment history, economic stability, family characteristics, education and training, and health.

If you agree to participate in this study, you can withdraw from the study at a later time by calling Mathematica toll-free at 833-678-3825 and then writing a message that you do not wish to complete any additional study activities. You can send this message to Jennifer Herard-Tsiagbey, the study's Data Collection Director, at TANFPilotEval@mathematica-mpr.com. Any information we collect about you before you withdraw from the study will be retained as part of the research.

If you have any questions, you can call Mathematica toll-free at 833-678-3825.

PAPERWORK REDUCTION ACT OF 1995 (Public Law 104-13) STATEMENT OF PUBLIC BURDEN: The purpose of this information collection is to gather information from people who have recently participated in TANF. Public reporting burden for this collection of information is estimated to average 45 minutes per respondent, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. This is a voluntary collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995, unless it displays a currently valid OMB control number. The OMB # is 0970-0XXX and the expiration date is XX/XX/XXXX. If you have any comments on this collection of information, please contact Mathematica toll-free at 833-678-3825 or TANFPilotEval@mathematica-mpr.com.
