

**SUPPORTING STATEMENT FOR
Request for Cancellation of a Public Charge Bond
OMB Control No.: 1615-0141
COLLECTION INSTRUMENT(S): I-356**

A. Justification

- 1. Explain the circumstances that make the collection of information necessary. Identify any legal or administrative requirements that necessitate the collection. Attach a copy of the appropriate section of each statute and regulation mandating or authorizing the collection of information.**

The information collection is authorized under INA sections 1103 and 1183 and 8 CFR 213.1 and 103.6(c). This form is used to request cancellation of a public charge bond that was submitted on behalf of an alien on Form I-945, Public Charge Bond, . This form is needed to determine whether a public charge bond submitted on behalf of an alien should be cancelled as set forth in 8 CFR 103.6(c).

- 2. Indicate how, by whom, and for what purpose the information is to be used. Except for a new collection, indicate the actual use the agency has made of the information received from the current collection.**

. This form can be submitted to request cancellation of the public charge bond by the alien on whose behalf the public charge bond was posted, the alien's attorney or accredited representative, if any, the executor of the alien's estate (if the alien on whose behalf the public charge bond was submitted is deceased), the bond obligor, or the obligor's authorized agent (co-obligor, for surety companies only).

USCIS will use this information to determine if the bond should be cancelled. USCIS only cancels a public charge bond after the proper filing of a request for cancellation on this form and after USCIS reviews the evidence supporting the basis for cancellation, and ensures that no breach has occurred. A public charge bond will be cancelled when the alien dies, departs permanently from the United States, or is naturalized, provided the alien did not breach such bond by receiving any means-tested public benefit prior to death, permanent departure, or naturalization, or otherwise was noncompliant with any conditions of the public charge bond. A bond may also be cancelled in order to allow substitution of another bond. A public charge bond will be cancelled by USCIS upon review of this form and the evidence supporting the basis for cancellation following the fifth anniversary of the admission or adjustment of status of the alien, provided that USCIS finds that the alien did not breach the bond by receiving means-tested public benefits or by otherwise being noncompliant with any conditions of the bond.

- 3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or**

other forms of information technology, e.g., permitting electronic submission of responses, and the basis for the decision for adopting this means of collection. Also describe any consideration of using information technology to reduce burden.

The form will be available electronically online to access and complete, but it must be physically submitted due to the process required to obtain signatures.

- 4. Describe efforts to identify duplication. Show specifically why any similar information already available cannot be used or modified for use for the purposes described in Item 2 above.**

This collection of information is unique to the process that USCIS conducts and is not duplicated elsewhere.

- 5. If the collection of information impacts small businesses or other small entities (Item 5 of OMB Form 83-I), describe any methods used to minimize burden.**

This information collection does impact small businesses or other small entities and the data required has been limited to only that needed to complete the process.

- 6. Describe the consequence to Federal program or policy activities if the collection is not conducted or is conducted less frequently, as well as any technical or legal obstacles to reducing burden.**

If USCIS does not conduct this collection of information, the agency would not be able to determine if a bond should be cancelled.

- 7. Explain any special circumstances that would cause an information collection to be conducted in a manner:**

- **Requiring respondents to report information to the agency more often than quarterly;**
- **Requiring respondents to prepare a written response to a collection of information in fewer than 30 days after receipt of it;**
- **Requiring respondents to submit more than an original and two copies of any document;**
- **Requiring respondents to retain records, other than health, medical, government contract, grant-in-aid, or tax records for more than three years;**
- **In connection with a statistical survey, that is not designed to produce valid and reliable results that can be generalized to the universe of study;**

- **Requiring the use of a statistical data classification that has not been reviewed and approved by OMB;**
- **That includes a pledge of confidentiality that is not supported by authority established in statute or regulation, that is not supported by disclosure and data security policies that are consistent with the pledge, or which unnecessarily impedes sharing of data with other agencies for compatible confidential use; or**
- **Requiring respondents to submit proprietary trade secret, or other confidential information unless the agency can demonstrate that it has instituted procedures to protect the information's confidentiality to the extent permitted by law.**

This information collection is conducted in a manner consistent with the guidelines in 5 CFR 1320.5(d)(2).

- 8. If applicable, provide a copy and identify the data and page number of publication in the Federal Register of the agency's notice, required by 5 CFR 1320.8(d), soliciting comments on the information collection prior to submission to OMB. Summarize public comments received in response to that notice and describe actions taken by the agency in response to these comments. Specifically address comments received on cost and hour burden.**

Describe efforts to consult with persons outside the agency to obtain their views on the availability of data, frequency of collection, the clarity of instructions and recordkeeping, disclosure, or reporting format (if any), and on the data elements to be recorded, disclosed, or reported.

Consultation with representatives of those from whom information is to be obtained or those who must compile records should occur at least once every 3 years - even if the collection of information activity is the same as in prior periods. There may be circumstances that may preclude consultation in a specific situation. These circumstances should be explained.

On November 19, 2025, USCIS published a Notice of Proposed Rulemaking for RIN 1615-AD016, Public Charge Ground of Inadmissibility, in the Federal Register at 90 FR 52168.

On July 20, 2026, USCIS published a Final Rule for RIN 1615-AD06, Public Charge Ground of Inadmissibility, in the Federal Register at 91 FR 45324.

- 9. Explain any decision to provide any payment or gift to respondents, other than remuneration of contractors or grantees.**

USCIS does not provide any payment for benefit sought.

10. Describe any assurance of confidentiality provided to respondents and the basis for the assurance in statute, regulation or agency policy.

There is no assurance of confidentiality.

This collection is covered under the following Privacy Impact Assessment:

- DHS/USCIS/PIA-016 Benefits Processing of Applicants-2008
- DHS/USCIS/PIA-056(a) USCIS Electronic Immigration System (ELIS) - December 2018

The collection is covered under the following System of Records Notices:

- DHS/USCIS/ICE/CBP-001 Alien File, Index, and National File Tracking System of Records, September 18, 2017, 82 FR 43556, and
- DHS/USCIS-007 Benefits Information System October 19, 2016 81 FR 72069

11. Provide additional justification for any questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private. This justification should include the reasons why the agency considers the questions necessary, the specific uses to be made of the information, the explanation to be given to persons from whom the information is requested, and any steps to be taken to obtain their consent.

The collection of information would include Taxpayer Identification Numbers, used to allow for verification of the Bonding agent, and information about a person for whom the bond was provided, including a date of death, to ensure that bond is properly cancelled if circumstances require.

12. Provide estimates of the hour burden of the collection of information. The statement should:

- **Indicate the number of respondents, frequency of response, annual hour burden, and an explanation of how the burden was estimated. Unless directed to do so, agencies should not conduct special surveys to obtain information on which to base hour burden estimates. Consultation with a sample (fewer than 10) of potential respondents is desirable. If the hour burden on respondents is expected to vary widely because of differences in activity, size, or complexity, show the range of estimated hour burden, and explain the reasons for the variance. Generally, estimates should not include burden hours for customary and usual business practices.**
- **If this request for approval covers more than one form, provide separate hour burden estimates for each form and aggregate the hour burdens in Item 13 of OMB Form 83-I.**

- **Provide estimates of annualized cost to respondents for the hour burdens for collections of information, identifying and using appropriate wage rate categories. The cost of contracting out or paying outside parties for information collection activities should not be included here. Instead, this cost should be included in Item 14.**

Type of Respondent	Form Name / Form Number	No. of Respondents	No. of Responses per Respondent	Total Number of Responses	Avg. Burden per Response (in hours)	Total Annual Burden (in hours)	Avg. Hourly Wage Rate	Total Annual Respondent Cost
Businesses or other small entities	Request for Cancellation of a Public Charge Bond / I-356	10	1	10	0.75	7.5	\$47.68	\$358
Total				10		7.5		\$358

* The above Average Hourly Wage Rate is the [May 2024 Bureau of Labor Statistics](#) average wage for All Occupations of \$32.66 times the wage rate benefit multiplier of 1.46 (to account for benefits provided) equaling \$47.68. The selection of "All Occupations" was chosen because respondents to this collection could be expected from any occupation.

- 13. Provide an estimate of the total annual cost burden to respondents or record keepers resulting from the collection of information. (Do not include the cost of any hour burden shown in Items 12 and 14).**
- **The cost estimate should be split into two components: (a) a total capital and start-up cost component (annualized over its expected useful life); and (b) a total operation and maintenance and purchase of services component. The estimates should take into account costs associated with generating, maintaining, and disclosing or providing the information. Include descriptions of methods used to estimate major cost factors including system and technology acquisition, expected useful life of capital equipment, the discount rate(s), and the time period over which costs will be incurred. Capital and start-up costs include, among other items, preparations for collecting information such as purchasing computers and software; monitoring, sampling, drilling and testing equipment; and record storage facilities.**
 - **If cost estimates are expected to vary widely, agencies should present ranges of cost burdens and explain the reasons for the variance. The cost of purchasing or**

contracting out information collection services should be a part of this cost burden estimate. In developing cost burden estimates, agencies may consult with a sample of respondents (fewer than 10), utilize the 60-day pre-OMB submission public comment process and use existing economic or regulatory impact analysis associated with the rulemaking containing the information collection, as appropriate.

- **Generally, estimates should not include purchases of equipment or services, or portions thereof, made: (1) prior to October 1, 1995; (2) to achieve regulatory compliance with requirements not associated with the information collection; (3) for reasons other than to provide information or keep records for the government; or, (4) as part of customary and usual business or private practices.**

Costs to the respondents could include postage payment, translation of documents, obtaining copies of documents, preparation assistance, and the costs to utilize an attorney. USCIS estimates this cost to be an average of \$250 per respondent, times the 10 respondents, for a total cost of \$2,500.

- 14. Provide estimates of annualized cost to the Federal government. Also, provide a description of the method used to estimate cost, which should include quantification of hours, operational expenses (such as equipment, overhead, printing, and support staff), and any other expense that would not have been incurred without this collection of information. Agencies also may aggregate cost estimates from Items 12, 13, and 14 in a single table.**

USCIS estimates the cost burden to the Federal Government at \$5,000 to process the form.

- 15. Explain the reasons for any program changes or adjustments reporting in Items 13 or 14 of the OMB Form 83-I.**

This information collection has been revised to reflect changes in the Public Charge Ground of Inadmissibility Final Rule. RIN: 1615-AD06.

USCIS is reporting no change to the estimated annual hour burden and annual cost burden to respondents for this collection of information as a result of this action.

- 16. For collections of information whose results will be published, outline plans for tabulation, and publication. Address any complex analytical techniques that will be used. Provide the time schedule for the entire project, including beginning and ending dates of the collection of information, completion of report, publication dates, and other actions.**

This information collection will not be published for statistical purposes.

- 17. If seeking approval to not display the expiration date for OMB approval of the information collection, explain the reasons that display would be inappropriate.**

USCIS will display the expiration date for OMB approval of this information collection.

- 18. Explain each exception to the certification statement identified in Item 19, “Certification for Paperwork Reduction Act Submission,” of OMB 83-I.**

USCIS does not request an exception to the certification of this information collection.

B. Collections of Information Employing Statistical Methods.

There is no statistical methodology involved with this collection.
