Title: CFM Stakeholder Feedback
 Survey.

OMB Control Number: 2900–XXXX.

Type of Review: New collection.

Abstract: The Office of Construction &
 Facilities Management (CFM)
 Stakeholder Feedback Survey collects
 information for all of CFM’s lines of
 business: major construction, major
 leases, facility condition assessments,
 and engineering studies. Respondents
 are members of project teams, and the
 information is related to how well the
 teams are performing. The purpose of
 the Stakeholder Feedback Survey
 Program is to improve project team
 performance across the four lines of
 business covered by the survey.

Respondents include federal
 employees in the Department of Veteran
 Affairs throughout CFM, Veterans
 Health Administration, and National
 Cemetery Administration, as well as
 U.S. Army Corps of Engineers
 construction management teams. The
 survey also collects information from
 members of private contractors
 associated with the projects described
 above (e.g., architecture/engineering,
 construction, developers/lessors).
 Respondents provide feedback on the
 performance of the technical sub-teams
 with whom they have worked on a
 particular project.

The survey uses a set of ten questions
 to collect the information on team
 performance, plus two open-ended
 questions that address what is going
 well and concerns. The survey is
 delivered via email with a link to an

online collection instrument. Advance
 notice and reminder emails are used to
 encourage participation.

The survey is administered by a
 federal contracting team (Blue Water
 Thinking and Booz Allen Hamilton).
 Raw data is seen and handled only by
 members of this team. Summary results
 are provided to CFM via a dashboard
 designed as part of the contract to
 design and administer the survey.

An agency may not conduct or
 sponsor, and a person is not required to
 respond to a collection of information
 unless it displays a currently valid OMB
 control number. The **Federal Register**
 Notice with a 60-day comment period
 soliciting comments on this collection
 of information was published at 88 FR
 85 on May 3, 2023, pages 27957 and
 27958.

Affected Public: Members of private
 contracting firms associated with the
 projects described above (e.g.,
 architecture/engineering, construction,
 developers/lessors) are asked to
 complete the survey.

Estimated Annual Burden: 77 hours.

*Estimated Average Burden per
 Respondent:* 8 minutes.

Frequency of Response: Team
 members of Major Construction and
 Major Leasing projects are asked to
 complete the survey twice a year for the
 duration of the project. Team members
 of all other types of projects are asked
 to complete the survey once a year.

Estimated Number of Respondents:
 578.

By direction of the Secretary.
