SUPPLEMENTARY INFORMATION:

Title of Collection: AmeriCorps Seniors Application Instructions and Progress Reporting.

OMB Control Number: 3045-0035.

Type of Review: Revision.

Respondents/Affected Public:

Businesses and organizations, and State, local, or Tribal governments.

Total Estimated Number of Annual Responses: 1,250.

Total Estimated Number of Annual Burden Hours: 6,250.

Abstract: The AmeriCorps Seniors Grant Application is for use by prospective and existing sponsors of AmeriCorps Seniors projects under the AmeriCorps Seniors RSVP (RSVP), AmeriCorps Seniors Foster Grandparent Program (FGP), AmeriCorps Seniors Senior Companion Program (SCP), and AmeriCorps Seniors Senior Demonstration Program (SDP). The Project Progress Report (PPR) and Progress Report Supplement are currently used to report progress toward accomplishing work plan goals and

objectives, reporting volunteer and service outputs, reporting actual outcomes related to self-nominated performance measures, meeting challenges encountered, describing significant activities, and requesting technical assistance. This revision would eliminate the Progress Report Supplement and incorporate some of the Supplement questions into the PPR instead. The Application Instructions and PPR forms in this package conform to AmeriCorps' web-based electronic grants management system. The SCP Independent Living Survey and SCP Respite Survey are instruments that collect information from Senior Companion clients and caregivers. The purpose of the surveys is to allow SCP projects to measure the impact of independent living and respite services on clients' and caregivers' social ties and perceived social support. These surveys may also be used by RSVP projects that provide independent living and respite services. AmeriCorps also seeks to continue using the currently approved information collection until the revised information collection is approved by OMB. The currently approved information collection is due to expire on September 30, 2026.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search

data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information. All written comments will be available for public inspection on [regulations.gov](https://www.regulations.gov).

Robin Corindo,

Acting Director, AmeriCorps Seniors.

Title of Collection: GEAR UP Application Packages for Partnership and State Grants.

OMB Control Number: 1840–0821.

Type of Review: Revision of a currently approved ICR.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 156.

Total Estimated Number of Annual Burden Hours: 8,816.

Abstract: Gaining Early Awareness and Readiness for Undergraduate Programs (GEAR UP), created in the Higher Education Act Amendments of 1998 (Title IV, Section 404A–404H), is a discretionary grant program which encourages applicants to provide support and maintain a commitment to eligible low-income students, including students with disabilities, to assist the students in obtaining a secondary school diploma and preparing for and succeeding in postsecondary education. GEAR UP provides grants to states and partnerships to provide services at high-poverty middle and high schools. GEAR UP grantees serve an entire cohort of students beginning no later than the seventh grade and follow them through graduation and, optionally, the first year of college.

The purpose of the GEAR UP partnership and state applications is to allow partnerships and states to apply for funding under the GEAR UP program.

Since OMB’s last review and approval of the package, the applications have been updated to include only the program-specific forms required for this collection. All standard forms that have already been approved by OMB and are not unique to this information collection, as well as additional information not directly related to the program-specific forms associated with this program, have been removed from the collection.

This collection is being submitted under the Streamlined Clearance Process for Discretionary Grant Information Collections (1894–0001). Therefore, the 30-day public comment period notice will be the only public

comment notice published for this information collection.
