

NON-SUBSTANTIVE CHANGE REQUEST JUSTIFICATION

OMB Control No. 3060-1092

FCC Form 609-T and Form 611-T

The Wireless Telecommunication Bureau (WTB) is submitting this non-substantive change request to the Office of Management and Budget (OMB) for approval of non-substantive change to OMB Approved Collection 3060-1092. This collection includes FCC Form 609-T and Form 611-T.

The FCC Form 609-T is used by Designated Entities (DEs) to request prior Commission approval pursuant to Section 1.2114 of the Commission's rules for any reportable eligibility event. The data collected on the form is used by the FCC to determine whether the public interest would be served by the approval of the reportable eligibility event. FCC Form 611-T is used by designated entity licensees to file an annual report, pursuant to Section 1.2110(n) of the Commission's Rules, related to eligibility for designated entity benefits.

On March 26, 2026, the Commission adopted A Direct Final Rule, FCC 26-16, in GN 25-133. With this rule the Commission eliminated 47 CFR § 1.2110(n), a rule requiring a designated entity file an annual report, FCC Form 611-T. The Commission determined this information is already captured through other mechanisms, and the annual filing is no longer necessary. We therefore request approval to revise collection 3060-1092 to remove FCC Form 611-T.

The following figures associated with filing FCC Form 611-T should be removed from the OMB inventory:

Number of Respondents: 550
Number of Annual Responses: 1,100
Burden Hours: 3,575
Cost to the Respondent: \$1,072,500

Since the data collected on the FCC Form 611-T is available through other sources this request is being submitted as a non-substantive change. The FCC Form 609-T is being retained.
