

INSTRUCTION SHEET
2026 ORGANIC PRICE SURVEY
Your report is due January 29, 2027

Completing the 2026 Questionnaire

This guide gives information on completing your survey form. If you need more help, call 1-888-424-7828, or email nass@usda.gov. The telephone call is free. Once you have completed your survey, please return it in the postage-paid envelope we have provided.

You may respond online www.agcounts.usda.gov. This method is fast, easy, and secure.

If you do not return your form by January 29, a second copy will be mailed. If you still do not return a completed form, we will contact you to arrange a telephone or personal interview.

Use a **blue** or **black** ball point pen.

Make all entries clear and easy to read.

If You Received More than One Questionnaire for the Same Operation

Duplicate form(s) — If you received more than one questionnaire for the SAME farming operation, return all questionnaires in the same envelope as the completed report.

General

Refer to the instructions below for completing your questionnaire. The enclosed survey questionnaire was mailed to producers and growers throughout the United States. Because it is meant for use in all parts of the country, it may contain items and inquiries which do not apply to your operation. In this case, mark the "No" or "None" box and go on to the next item or section.

Partial Year Operation

If you stopped farming during 2026, complete the questionnaire for the portion of 2026 that you did farm. Write "Stopped farming in 2026" and the date you stopped farming below the address area. Mail the completed questionnaire in the return envelope.

Partnership Operations

Complete only ONE questionnaire for a partnership operation and include all partners'

shares on the same questionnaire. If two or more questionnaires were received for the partnership, see instruction on "If You Received More Than One Questionnaire for the Same Operation" above.

How to Enter Your Responses on the Questionnaire

Please enter your answers in the spaces provided and, in the units, requested, i.e., number of acres, dollars, percent, etc. Mark all applicable Yes/No boxes with an "X".

How to Report Value of Sales

Report the value of all crops and livestock sold from this operation in 2026 in the appropriate commodity section. Include the value of your landlord's share of the commodities harvested. Report livestock as sold that you owned and moved to someone else's operation for further feeding, such as cattle. Report the gross value before the deduction of expenses, marketing charges, hauling fees, other fees, or income taxes. Also, include as sales your estimate of the value of any crop or livestock removed from this operation in trade of services, such as baled hay for labor or other services.

How to report Processed or Value-added products

Value-added or processed products are those in which the commodities produced on the farm are changed in physical form to increase the value to the farm operation. Examples would be cheese or yogurt produced from milk produced on this operation, wine produced from grapes grown on this operation or meat produced from this operation's livestock. Record acres harvested, inventory and quantity sold of any value added or processed commodity in the appropriate commodity in section 2-10. Exclude from the Value of Sales in Section 2-10 any additional value that you received for processed or value-added commodities. Value of sales in Sections 2-10 should only include the value of the unprocessed commodities-

Instructions by Section

Complete Section 1 of the questionnaire. If you did not produce or grow any organic agricultural products complete Section 1, item 1, select "No", then go to Section 14 and complete the remainder of the questionnaire. If you did not have any certified organic production as determined by the USDA's National Organic Program (NOP) standards complete Section 1, item 2, select "No", then go to Section 14 and complete the remainder of the questionnaire.

Section 1 – Operation Information

The operation includes land owned, rented, or used by the respondent, spouse, partnership, corporation, or organization identified on the questionnaire.

If you did not operate any land in 2026, go to Section 14 on page 19 and complete the remainder of the questionnaire.

Include all land, regardless of location or use; cropland, pastureland, rangeland, woodland, idle land, farmsteads, Conservation Reserve Program (CRP), Wetlands Reserve Program (WRP), Farmable Wetlands Program (FWP), and Conservation Reserve Enhancement Program (CREP). All responses in this section should be rounded to whole acres. Round all acreage less than 1 acre to 1 acre in Section 1 (acreage to tenths will be recorded by commodity). Record only certified acreage. **Exclude** land used under a grazing permit.

Item 1 – Include all organic agricultural products of any kind produced or grown on this operation, including field crops, hay, fruits, berries, tree nuts, vegetables, floriculture, nursery and greenhouse crops, Christmas trees, maple syrup, livestock, poultry, etc.

Item 2 – Report if the operation had certified organic production as determined by the USDA's National Organic Program (NOP) standards. Operations not certified by these standards must select "No" and go to Section 14.

Item 3 – Report the agency or organization that certified this operation for certified organic production in 2026.

Item 4 – Report in whole numbers the number of certified organic acres owned, leased from

others, and/or leased to others. The acres in item 4a, should equal certified organic land owned by the respondent, spouse, partnership, corporation, or organization identified on the questionnaire. The acres in item 4b, should equal certified organic land this operation leased or rented from others. The acres in item 4c, should equal certified organic land this operation leased or rented to others.

Item 5 – Report the total certified organic acres operated in 2026. This value should equal items $4a + 4b - 4c$. All responses to this questionnaire should refer to these **total certified organic acres in this operation**. It is important that this number is correct as it is used to establish consistency throughout the questionnaire.

Item 6a - Report in whole numbers the number of certified organic acres reported in item 5 that were cropland. Cropland includes certified organic land from which crops were harvested or hay was cut, including land used for field crops, vegetables, fruits, nuts, berries, orchards, vineyards, nursery and greenhouse crops, Christmas trees, citrus groves, and maple syrup.

Item 6b - Report in whole numbers the number of certified organic acres reported in item 5 that were pastureland and/or rangeland.

Section 2 – Certified Organic Vegetables Grown In the Open

Report total acres harvested and production for any certified organic vegetables that were grown in the open on this operation in 2026. If not preprinted, enter the name and code of the certified organic vegetable harvested in 2026 from the Vegetables Code box on the bottom of the page. If a vegetable is not listed, select code 3530 (Vegetables not listed) and write in the name of the vegetable. If additional space is needed to report a vegetable and its production, use a separate piece of paper.

Item 2 - Include acreage harvested in the open, total production sold or to be sold, and gross value of sales of certified organic vegetables grown on this operation in 2026. Report acres harvested to the tenth-acre. Report production using any unit. If pounds, cwt. or tons is not used for the unit of production, report the pounds per unit. Value of sales should be reported in whole dollars.

Form Number: 26-A623(I)

Item 3 – Report the utilization of the certified organic vegetables grown on this operation. If the utilization is 100% fresh market, indicate via the screener question and proceed to the next section of the questionnaire.

Vegetables sold in a processed form such as juiced, canned, dried, etc. should be reported under commercial processing. Report the total certified amount sold or to be sold in 2026 for commercial processing. Report any unit for the quantity sold. If pounds, cwt. or tons is not used for the unit sold, report the pounds per unit. Report the gross value of sales for certified organic production sold for commercial processing in whole dollars.

Vegetables sold as fresh produce should be reported as fresh market. Report the total certified amount sold or to be sold fresh in 2026. Report any unit for the quantity sold. If pounds, cwt. or tons is not used for the unit sold, report the pounds per unit. Report the gross value of sales for certified organic production sold as fresh market in whole dollars.
