Comment

The following is in regard to acquiring animals by a USDA-Aphis licensed facility.

Please reconsider requiring acquisitions made by a USDA-AHPIS licensed facility from a private, non-USDA licensed individual or company, to have to ask for a driver's license identification number. A name, address, and even a phone number should be adequate. A driver's identification number is perceived to be private information and when asked for it, individuals become alarmed and don't want to provide it.
Thank you-
