Expiration Date: 08/31/2026

CDC estimates the average public reporting burden for this collection of information as 20 hours per response, including the time for reviewing instructions, searching existing data/information sources, gathering and maintaining the data/information needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB Control Number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: CDC/ICRO Office, 1600 Clifton Road NE, MS H21-8, Atlanta, Georgia 30329; ATTN: PRA (0920-1175).

This form uses repeating instruments to allow for multiple unique submissions within a quarter. Please submit one PA/PHA per form. Add additional PA/PHA submissions by clicking "Save & Go To Next Instance." Alternatively, after saving and exiting this form, additional submissions can be entered by selecting the [+] button under the event it is being entered.

Background Information

Title

Create a concise title.

Provide background information about the problem or situation (e.g., data or information gap, need for technical assistance or expertise, potential association between health and exposure, potential disease cluster/increased rates) and how Tracking got involved.

Workplan Activity

Please select the associated Workplan Activity/Activities.

Based on your selection, the categories below will expand to select the associated work plan activities.

- ☐ S: Surveillance
- ☐ IT: Information Technology
- ☐ P: Partnerships

Product/Output Type

Select the category that most closely aligns with the product/output you are describing.

Describe the output of Tracking's work

(e.g., presentation, report, manuscript, training, dashboard, map)

Please upload output file(s) if available.

Please provide output link if available.

Action/Decision Category

Select the category that most closely aligns with the action/decision.

If there is not an action or decision, leave this and the following items blank. The submission will be considered for a Program Accomplishment.

Action/Decision

Describe the action or decision that occurred as a result of the work categorized above.

Who was responsible for the Action/Decision?

Select who was responsible for the action/decision. If you select "other actor" or "both," explain in the next field.

If you selected "other actor" or "both" in the previous field, select the response that best matches.

Outcome of action/decision

Describe the expected outcome (measurable change) or result of the action/decision. If possible, quantify the outcome (e.g., reduced exposure to lead for over 100,000 elementary school students). This can be an estimate.

Is there currently evidence to support this outcome?

Please upload evidence file if available.

Is this action/decision expected to realize longer-term outcomes?

This can include outcomes and evidence where none is initially reported, or in addition to what is initially reported with PHA submission.

****For Project Officer Completion--Do Not Fill Out

PA/PHA Classification

Available or Expected Evidence

Please describe the evidence that currently exists or that you expect for the outcome of the action/decision

Please provide link to evidence if available.

Expected timeframe for outcomes?

If you selected "Yes" in the previous field, describe the expected time frame for identifying outcomes of the action/decision. If no evidence is expected, leave blank.

****For Project Officer Completion--Do Not Fill Out

PA/PHA Justification

Once this PA/PHA classification has been determined, this field will be updated with the justification for the decision.
