Permit holders are reminded to utilize only approved routes on private lands when accessing BLM Lands. The private landowner permits access along the designated and signed route across private lands, in accordance with the terms and conditions of this permit. Any deviation from the approved route may be considered trespassing under applicable law. All vehicles, including off-road vehicles and mountain bikes, must remain on designated roads. Motorized cross country travel is not allowed, not even to retrieve harvested game animals. Individuals who do not comply may face fines and/or trespassing charges. Please note that road conditions are rough, and travel is at your own risk.

With your vehicle pass, you are granted access to the Carrizozo BLM Lands through the posted entrance. The vehicle pass permits entry to BLM lands and the ability to cross the designated access road only. By using this permit, the holder agrees to absolve BLM and the private landowner of any liability for incidents or occurrences while crossing private lands.
