        Subpart 3137_Unitization Agreements_National Petroleum Reserve-Alaska

Sec. 3137.135  What are the unit operator's obligations after unit termination?

        Within three months after unit termination, the unit operator must
submit to BLM for approval a plan and schedule for mitigating the
impacts resulting from unit operations. The plan must describe in detail
planned plugging and abandonment and surface restoration operations. The
unit operator must then comply with the BLM-approved plan and schedule.
