Semi-Annual Performance Report for the Training and Technical Assistance Initiative

Brief Instructions

This reporting tool details the Semi-Annual Performance Report questions for the Training and Technical Assistance Initiative (TA Program). A report must be completed for each grant received. Grant partners may complete sections relevant to their portion of the grant. Grant administrators and coordinators are responsible for compiling and submitting a single report that reflects all information collected from grant partners.

All grantees must complete the required sections. Required questions are marked with an asterisk (*). For all other sections, grantees must answer an initial question about whether they used TA Program funds to support certain activities during the current reporting period. If the response is yes, then the grantee must complete that section. If the response is no, the rest of that section is skipped.

The activities of volunteers or interns should be reported if they were coordinated or supervised by TA Program-funded staff or if TA Program funds substantially supported their activities.

For further information on filling out this report, refer to the separate instructions, which contain detailed definitions and examples.

Public Reporting Burden

Paperwork Reduction Act Notice. Under the Paperwork Reduction Act, a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. We try to create forms and instructions that are accurate, can be easily understood, and which impose the least possible burden on you to provide us with information. The estimated average time to complete and file this form is 60 minutes per form. If you have comments regarding the accuracy of this estimate, or suggestions for making this form simpler, you can write to the Office on Violence Against Women, U.S. Department of Justice, 145 N Street NE, Washington, DC 20530.

2. Staff

Report the total number of full-time equivalent (FTE) staff funded by the TA Program grant during the current reporting period.

- Reporting 1.00 FTEs means a staff person worked full-time and was 100% funded by the grant for the entire reporting period. Typically, one FTE is equal to 1,040 hours (40 hours per week multiplied by 26 weeks).
- FTEs should be prorated to reflect when a staff person did not work-full time and/or when was not 100% funded by the TA Program grant for the entire reporting period.
- Round and report FTEs to the second decimal place. For example, if you calculate an FTE to be 0.66667, then rounding to the second decimal would mean this FTE would be reported as 0.67 FTE.
