**Semi-Annual Performance Report for the
Tribal Sexual Assault Services Program**

Brief Instructions

This reporting tool details the Semi-Annual Performance Report questions for the Tribal Sexual Assault Services Program (Tribal SASP). A report must be completed for each grant received. Grant partners may complete sections relevant to their portion of the grant. Grant administrators and coordinators are responsible for compiling and submitting a single report that reflects all information collected from grant partners.

All grantees must complete the required sections. Required questions are marked with an asterisk (*). For all other sections, grantees must answer an initial question about whether they used Tribal SASP funds to support certain activities during the current reporting period. If the response is yes, then the grantee must complete that section. If the response is no, the rest of that section is skipped.

The activities of volunteers or interns should be reported if they were coordinated or supervised by Tribal SASP-funded staff or if Tribal SASP funds substantially supported their activities.

For further information on filling out this report, refer to the separate instructions, which contain detailed definitions and examples.

Public Reporting Burden

Paperwork Reduction Act Notice. Under the Paperwork Reduction Act, a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. We try to create forms and instructions that are accurate, can be easily understood, and which impose the least possible burden on you to provide us with information. The estimated average time to complete and file this form is 60 minutes per form. If you have comments regarding the accuracy of this estimate, or suggestions for making this form simpler, you can write to the Office on Violence Against Women, U.S. Department of Justice, 145 N Street NE, Washington, DC 20530.

- Yes
- No

2. Staff

Report the total number of full-time equivalent (FTE) staff funded by the Tribal SASP grant during the current reporting period.

- Reporting 1.00 FTEs means a staff person worked full-time and was 100% funded by the grant for the entire reporting period. Typically, one FTE is equal to 1,040 hours (40 hours per week multiplied by 26 weeks).
- FTEs should be prorated to reflect when a staff person did not work-full time and/or when was not 100% funded by the Tribal SASP grant for the entire reporting period.
- Report staff by the function(s) they performed, not by title.
- Round and report FTEs to the second decimal place. For example, if you calculate an FTE to be 0.66667, then rounding to the second decimal would mean this FTE would be reported as 0.67 FTE.

If the grantee is funding a victim assistant or victim-witness coordinator within law enforcement, prosecution, or the court system, they should complete the victim services section to capture that staff's grant-funded work.

- Yes
- No

2. Number of victims/survivors who were fully served, partially served, and not served

Report the following, to the best of your ability, as an unduplicated count for each category during the current reporting period. This means that each victim/survivor who requested or accepted Tribal SASP-funded services during the current reporting period should be counted only once in that reporting period. Do not report secondary victims here.

Served: A victim/survivor should be reported as served if they requested and/or accepted grant-funded services and the program was able to provide all of those services.

Partially Served: A victim/survivor should be reported as partially served if they accepted and/or requested grant-funded services and the program was able to provide some, but not all, of those services.

3. Number of victims/survivors who received Tribal SASP-funded services for multiple victimizations

Report an unduplicated count of victims/survivors reported in the previous question who received Tribal SASP-funded support for more than one victimization.

4. Select all the additional victimization types, including specific forms of abuse, for which these victims/survivors received Tribal SASP-funded services:

Check all that apply. If you have reported at least one victim in Question 3, you must check at least one box in Question 4. This applies regardless of when the additional victimization happened, so long as the victim received grant-funded services for it during the current reporting period.

- ☐ Sexual assault
- ☐ Domestic/dating violence
- ☐ Stalking
- ☐ Female genital mutilation/cutting
- ☐ Child sexual abuse
- ☐ Adult survivor of child sexual abuse

8. Race/ethnicity

Report the demographic information for the victims/survivors reported as served and partially served with Tribal SASP funds. Do not report demographics for secondary victims.

Report victims/survivors in each category they identify as. At least one race/ethnicity must be reported for each victim/survivor reported as fully served and partially served. Those victims for whom the race/ethnicity is not known should be reported in the "unknown" category.

9. Sex

Report victims/survivors in each category that applies.

Due to Presidential [Executive Order 14168](#) and accompanying guidance from the Office on Management and Budget, OVW amended demographic questions as follows. The term “gender” was changed to “sex,” and the available responsive categories were limited to “male” and “female.” Grantees should report the data that is relevant to those categories in those categories. Grantees should not report data for victims for whom sex is unknown. The total number of victims reported in this section must be less than or equal to the total number of victims served and partially served. As always, victims do not have to share their demographic information to obtain services. Please direct any questions to OVW.Research@usdoj.gov.

10. Age

Report the age of each victim/survivor reported as fully and partially served. Exactly one age must be reported for each victim/survivor reported as fully and partially served. Those victims for whom the age is not known should be reported in the “unknown” category.

11. Victim services

Report the Tribal SASP-funded services provided to the victims/survivors reported fully and partially served. Do not report legal assistance provided by grant-funded attorneys or paralegals in this question, as that information will be asked for in future questions. Refer to

the separate instructions for service definitions.

The first column “Number of victims/survivors served” is an unduplicated count of the number of victims/survivors who received each type of grant-funded service. No individual service category should have a number of victims served greater than the total number of victims served and partially served.

The second column “Number of times service was provided” is a total of the number of times each victim in the first column received that services type during the 6-month reporting period.

If grant funds support a portion or percentage of the budget, prorate the total contacts to reflect only the percentage of the budget supported by the

Tribal SASP Program grant. Victims/survivors who contact the phone or text lines should not be reported as victims/survivors served or partially served unless they also received at least one of the services reported in Victim Services questions.

Do not include cases that are pending or were not yet closed during the reporting period. It is okay if “Number of cases closed or issues resolved” is less than “Number of victims/survivors receiving legal assistance.”
