I recommend we collect this information and more. We need to know all the chemicals and materials there should be no nusiness practice protections, as this is a scam anyways.

In addiiton we need stiffer penalties to include mandatory prison time for any late or inaccurate reporting.

I am favor of extending Agency Information Collection Activities; Proposals, Submissions, and Approvals: Community Right-to-Know Reporting Requirements under Sections 311 and 312 of the Emergency Planning and Community Right-to-Know Act
