NOTE: Please do not include unnecessary personally identifiable information (PII) or other sensitive information in your responses to open text questions.

1. The FDIC would like to move state solicitation and enrollment change requests to an external FDIC SharePoint site for more efficient information sharing and data collection. In order to access the external FDIC SharePoint site, which requires multi-factor authentication, users will need to download the Microsoft (MS) Authenticator app on a mobile device. The mobile device can be a work or personal device such as an iPhone, Android phone, iPad, etc. The FDIC intends to provide access to up to two email addresses per agency. Please let us know if there is anything impeding you from downloading the MS Authenticator app by responding below.
