Report Problems

Paragraph

▼

**B***I*<>@:=½“

📄

▼

↶↷

Describe any problems and/or any unforeseen effects and any steps taken (or proposed) to resolve such problems.

Minimize Effects

Paragraph ▼ **B** *I* <>     

Describe what measures were taken to minimize the permitted activities' effects on animals and the effectiveness of these measures.

☐ Animals were unintentionally injured or killed, check if Not Applicable

### Unintential Injury

Paragraph ▼ **B** *I* <>     

If animals were unintentionally injured or killed, describe the circumstances. Describe how they were disposed of if it wasn't in the way described in the authorization/permit.

### Physical Condition Of Animals

Paragraph ▼ **B** *I* <>     

Describe the physical condition of animals taken and used in the permitted activities.

### Effects On Animals

Paragraph ▼ **B** *I* <>     

Describe the effects permitted activities had on animals, including any unforeseen responses or effects.

☐ Comment on anything that occurred that was not in your authorization/permit, check if Not Applicable

Unauthorized Actions

Paragraph

▼

**B***I*<>@:=½=“

Comment on anything that occurred that was not in your authorization/permit. For example, did you take species not in your authorization/permit or go over your allocation?

Methods Estimate Take

Paragraph

▼

**B***I*<>@:=½=“

If applicable, describe the method used to estimate take if it differed from your proposed method.

Coordinate With Holders

Paragraph

▼

**B***I*<>@:=½=“

State what steps were taken to coordinate the permitted activities with other permit holders.

Electrofishing Logbook

Paragraph

▼

**B***I*<>@:=½=“

▼

↶↷

If you do not have an electronic version of your electrofishing logbook, please submit a hard copy to your permit analyst. (Please include your permit number on all pages)

Preliminary Findings

Paragraph    **B**    *I*    <>

Summarize any preliminary findings. Did you accomplish your project goals?

Publications

NMFS permit analyst is listed under the Status section of the application.
