A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995, unless the information collection has a currently valid OMB Control Number. Response to this information collection is voluntary; however, it allows the USPTO to analyze the overall effectiveness of the program. This program is presented by the USPTO's [Global Intellectual Property Academy](#), a unit of the [Office of Policy and International Affairs \(OPIA\)](#). OPIA assists the Under Secretary of Commerce for Intellectual Property and Director of the USPTO in advising the President (through the Secretary of Commerce) and federal agencies on domestic and international IP issues as well as on U.S. treaty obligations. It also provides technical assistance and training on IP-related matters to U.S. stakeholders and both U.S. and foreign government officials.
