

Annual Progress Report/Closeout Report

OMB Control Number: 0925-0744

Expiration Date: 07/31/2027

- Per the NICHD DASH Data Use Certification Agreement, access to the requested dataset(s) will be granted for a period of one (1) year with the option to renew access or complete a Project Close Out at the end of that year.
- Per the NICHD DASH Material Transfer Agreement, Recipients will submit annual Progress Reports and a Closeout Report at the end of the three (3) year term of the MTA. The MTA can be renewed by submitting a Progress Report and a Biospecimen Access Request Renewal three (3) months prior to the MTA expiration date.
- Choose **Progress Report** as the first step to initiate a request to renew an active Data or Biospecimen Access Request or to submit an annual Progress Report for an active MTA. For renewals, once the Progress Report is submitted, submit a Data Access Request Renewal in the **Data Access Request** section of Edit My Profile. For a Biospecimen Access Request Renewal in the **Biospecimen Orders (Biospecimen Request)** tab. Data and Biospecimen Access Request Renewals will be reviewed by the NICHD DASH Data or Biospecimen Access Committee (DAC/BAC).
- Choose **Closeout Report to terminate** an active Data or Biospecimen Access Request. After submission, download and sign the completed report, obtain your Institutional Signing Official signature, and upload the digitally signed report to your account in the **Add Files** section of **Edit My Profile**. Your Closeout Report will be submitted for NICHD DASH DAC/BAC review only when the signed report has been uploaded.

Research Project Title:

Research Progress

Please summarize any research progress since your initial request or last renewal in the space below:*

1,000 character limit

Have you generated any intellectual property since your last renewal as a result of using this repository for your research project?*

Yes

No

Presentations

Have you completed any scientific presentations since your initial approval or last renewal that include (or will include) findings using this repository for your research project? If so, please list all completed and accepted scientific presentations.*

1,000 character limit

Yes, scientific presentation(s) have been completed and presented

If you have no presentations, please check the radio button below:*

No, I had no presentations since my initial request or last renewal

Publications and Manuscripts

Were there any publications from Secondary Use this year?*

Yes

No

If yes, please list all publications and manuscripts (submitted or published) since your initial approval or last renewal that include findings based on this research project. Please include the PubMed ID(s) and/or citations and Study ID(s):*

Terms of Access Violations

Have there been any violations of the terms of access (e.g. misuse, breaches, security incidents)?*

Yes

No

If yes, please describe any violations of the terms of access and the implemented remediation.*

255 character limit

In event of a terms of access violation referred to as a data management incident, the Institutional Requester, and Approved Data User must notify the NIH Incident Response Team, and Data Access Committee (DAC), on the project request, and NIH Office of Extramural Research Data Sharing Policy Implementation (OER/DSPI) Team of any unauthorized data sharing, breaches of data security, or inadvertent data releases that may compromise data confidentiality within 24 hours of when the incident is identified. For the NIH Incident Response Team, notifications can be made by phone (301) 496-HELP (4357); Toll Free Number: (866) 319-4357or TTY: (301) 496-8294 and can also be sent by email to NIHInfoSec@nih.gov or via the Report an Incident Link: https://irtportal.ocio.nih.gov/. For OER/DSPI Team, notifications can be sent to DML_OER@mail.nih.gov.

In the event of a terms of access violation for Materials Transfer Agreements, the Institutional Requester and Approved Users must to notify the NICHD Biospecimen Access Committee (BAC) and the NICHD DASH Administrator within 24 hours of when the incident is identified.

Text field input

Reasons for Project Closeout

Please select reason(s) for project closeout:*

- Project Completed
- Leaving Institution
- Unable to Download Data
- Not Renewing
- Unable to Complete Project
- Did not meet NIH implementation practices consistent with Guide Notice NOT-OD-083
- Other, list reason(s) below:

The designated Signing Official and the Data Access Requester attest to and ensure that all copies and versions of the dataset(s) have been destroyed from local hardware and third-party Information Technology (IT) systems according to the [NIH Security Best Practices for Users of Controlled-Access Data](#).

Submit Report

Save Draft Report

-
- To complete submission of your Closeout Report for review, download and sign the completed report, obtain your Institutional Signing Official signature, and upload the digitally signed report to your account in the **Add Files** section of **Edit My Profile**. Your Closeout Report will be submitted for NICHD DASH DAC/BAC review only when the signed report has been uploaded.
 - If you are requesting a renewal, submit your Data Access Request Renewal in the **Data Access Request** section of Edit My Profile or Biospecimen Access Request Renewal in the **Biospecimen Orders (Biospecimen Request)** tab. You can view your submitted Progress Report in the View Mode of the Reports tab. Both the Progress Report and signed Data or Biospecimen Access Request Renewal will be sent to the NICHD DASH DAC/BAC for review.

Annual Progress Report/Closeout Report

OMB Control Number: 0925-0744
Expiration Date: 07/31/2027

- Per the NICHD DASH Data Use Certification Agreement, access to the requested dataset(s) will be granted for a period of one (1) year with the option to renew access or complete a Project Close Out at the end of that year.
- Per the NICHD DASH Material Transfer Agreement, Recipients will submit annual Progress Reports and a Closeout Report at the end of the three (3) year term of the MTA. The MTA can be renewed by submitting a Progress Report and a Biospecimen Access Request Renewal three (3) months prior to the MTA expiration date.
- Choose **Progress Report** as the first step to initiate a request to renew an active Data or Biospecimen Access Request or to submit an annual Progress Report for an active MTA. For renewals, once the Progress Report is submitted, submit a Data Access Request Renewal in the **Data Access Request** section of Edit My Profile. For a Biospecimen Access Request Renewal in the **Biospecimen Orders (Biospecimen Request)** tab. Data and Biospecimen Access Request Renewals will be reviewed by the NICHD DASH Data or Biospecimen Access Committee (DAC/BAC).
- Choose **Closeout Report to terminate** an active Data or Biospecimen Access Request. After submission, download and sign the completed report, obtain your Institutional Signing Official signature, and upload the digitally signed report to your account in the **Add Files** section of **Edit My Profile**. Your Closeout Report will be submitted for NICHD DASH DAC/BAC review only when the signed report has been uploaded.
