Address: United States,

General Comment

Please do your best to protect the Polar Bears, the Northern Sea Otters, and the Pacific Walruses from being killed and/or harmed by people. These animals need protection, so please don't allow people to kill them anymore. People have a lot of options for clothing, food and even handicrafts today that do not involve animals. People can create wonderful and beautiful handicrafts that do not involve any animal parts at all. Animals do suffer when they get killed, regardless of how the killing is done. Please protect the Polar Bears, the Northern Sea Otters, the Pacific Walruses and all the other animals out there from being killed and/or harassed. All these animals are precious, and they deserve protection in order to live in peace away from humans.
