VETS Grantee Reporting System

The VETS Grantee Reporting System (VGRS) is the quarterly reporting system for grant recipients of the Homeless Veterans' Reintegration Program (HVRP) and the Jobs for Veterans States Grants (JVSG) program.

All HVRP grant recipients must use VGRS to complete their quarterly performance reporting requirement.

New VGRS User?

Register

Access to the VGRS system is managed through Login.gov. Login.gov requires two authentication methods (Phone, authentication apps, security key, PIV).

View the VGRS Grant Recipient Staff User Access Guide (PDF) and New User Registration Guide (PDF) for step by step instructions.

After successfully logging in to Login.gov, you will be redirected to the VGRS Homepage.

VGRS Access

All registered VGRS HVRP grant recipient users have the same role: Grantee Staff.

Grantee Staff must be granted permission to view/edit a grant record(s) by the VETS Grant Officer's Technical Representative (GOTR) or the GOTR's designee.

Grant Recipient Roles

VETS will allow for up to *six (6) Grantee Staff user accounts per HVRP grant. VETS cannot offer broader access via an organizational email account because Login.gov requires multifactor authentication (login.gov) (e.g., text message/phone call, authenticator app, security key, etc.). *Subject to change.

Account Deactivation & Reactivation

You must log in to VGRS at least once every 60 days or your account will be deactivated.

To request reactivation of a previously approved VGRS account, email the VGRS support team at VGRS@dol.gov. Indicate that your account has been deactivated and provide the Login.gov email address associated with the account.
