SUPPLEMENTARY INFORMATION:

I. What information is EPA particularly interested in?

Pursuant to PRA section 3506(c)(2)(A) (44 U.S.C. 3506(c)(2)(A)), EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.
2. Evaluate the accuracy of the Agency's estimates of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
3. Enhance the quality, utility, and clarity of the information to be collected.
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology (e.g., permitting electronic submission of responses). In particular, EPA is requesting comments from very small businesses (those that employ less than 25 employees) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

II. What information collection activity or ICR does this action apply to?

Title: Residential Lead-Based Paint Hazards Disclosure Requirements.

EPA ICR No.: 1710.10.

OMB Control No.: 2070–0151.

ICR Status: This ICR is currently approved through August 31, 2026. Under the PRA, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the Code of Federal Regulations (CFR), after

appearing in the **Federal Register** when approved, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers for certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: This ICR will cover the information collection activities associated with the reporting and recordkeeping requirements for sellers, lessors, and their agents' disclosure activities in target housing including the allowance of up to ten days for an optional risk assessment or inspection before being obligated under purchase or lease contract.

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Form number(s): 9600–040 and 9600–041.

Respondents/affected entities: Entities potentially affected by this ICR include North American Industrial Classification System (NAICS) Codes 5311 Lessors of real estate and 5312—Real estate agents.

Respondent's obligation to respond: Mandatory. 40 CFR 475.

Estimated number of potential respondents: 39,979,082.

Frequency of response: On occasion.

Total estimated average number of responses for each respondent: 1.

Total estimated burden: 4,456,371 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated costs: \$130,820,508 (per year), includes \$0 annualized capital investment or maintenance and operational costs.

III. Are there changes in the estimates from the last approval?

There is a decrease of 1,024,698 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This change reflects EPA's updating of burden estimates for this collection based recent data on the number of home sales and new rental agreements over the past few years, as well as the number of real estate agents assisting buyers, sellers, and lessors of properties. This change is adjustment.

IV. What is the next step in the process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review

and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** document pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.
