Unique Vest Fit Certification

a. To the best of my knowledge and belief, after diligent inquiry and review, I certify that, at the time this application is submitted-

i. The criteria and protocols, made available by the BVP program, for providing "uniquely fitted" ballistic or stab-resistant vests to officers have been reviewed.

ii. All of the applicant's law enforcement and corrections officers have been provided with access to the ASTM International "Standard Practice for Body Armor Wearer Measurement and Fitting of Armor"-ASTM Standard E3003-and the Justice Information Technology Center's "Personal Armor Fit Assessment".

will be provided with the opportunity to receive a protective vest that is uniquely fitted to them.

Note: In the BVP Program, "uniquely fitted vests" means protective (ballistic or stab-resistant) armor vests that conform to the individual wearer to provide the best possible fit and coverage, through a combination of 1) correctly-sized panels and carrier, determined through appropriate measurement, and 2) properly adjusted straps, harnesses, fasteners, flaps, or other adjustable features. The requirement that body armor be "uniquely fitted" does not necessarily require body armor that is individually manufactured based on the measurements of an individual wearer.
