low from left to right. Full instructions appear on each tab:\u000a\u000a1. The
Grant Project Data tab combines data entry and an automatic list. On top is the
data entry area for grant\/grantee information. Below that is an auto-generated
tracking list that will pull in business establishment names you've entered in t
he numbered business establishment tabs.\u000a\u000a2. The Results Summary tab a
utomatically aggregates results from data entered in the Partners tab, Outreach
Activities tab, and the numbered business establishment tabs.\u000a\u000a3. The
Partners tab is optional and provides a place to enter information about partner
s who helped strengthen your ability to provide P2 technical assistance to busin
esses in disadvantaged communities.\u000a\u000a4. The Outreach Activities tab is
 for capturing information about outreach activities, including training, webina
rs, videos, etc.\u000a\u000a5. The Sample Business Establishment tab serves as a
n example of how to sufficiently enter project data on the numbered business est
ablishment tabs.\u000a\u000a6. The numbered tabs are for data entry of business
establishment-level data, one business establishment per numbered tab. While pro
viding the business establishment name is optional, it is beneficial to do so be
cause the Grant Project Data tab displays the name provided and associates it wi
th its numbered tab, which will help you later when you need to find the correct
 tab for updating the status of follow-up, implementation and results achieved a
t a specific business establishment. This template has 75 numbered tabs for busi
ness establishments; please use a new file if you need more tabs.&quot;}"><font
color="#000000">Use the tabs below from left to right. Full instructions appear

(Important: The values in columns C - J will tally in this tab’s Total rows and in the Results Summary tab only if row 20 has a fol low-up date, Column K has a “Y”, and Column L has an implementation date selecte d.)
5. Additionally, enter implementation details in column N. See “Working w ith Numbered Tabs” on the “Getting Started” tab for more details.
6. On this tab, cells will be highlighted yellow if your response is different than the exp ected input type (e.g., letters instead of numbers). Re-enter the information in the appropriate format to remove the highlighting.</td>
