Emerging Contaminants for Small or Disadvantaged Communities Semi-Annual Reports

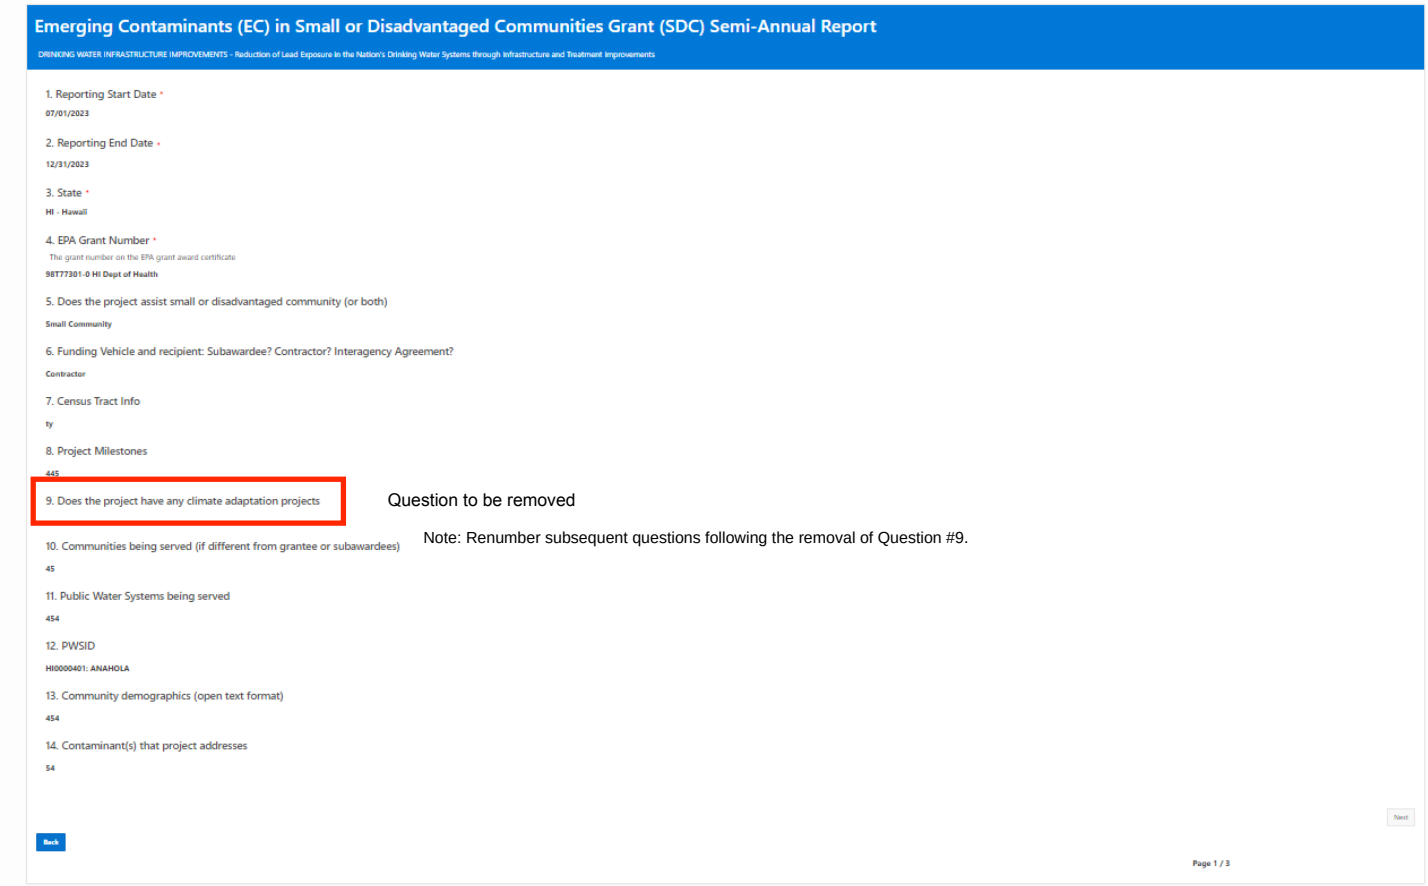

Burden Statement – Interim Progress Report and Final Progress Report

This collection of information is approved by Office of Management and Budget (OMB) under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. OMB Control Number: 2090-0038 Responses to this collection of information are mandatory [2 CFR Part 200]. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information is estimated to be 2 hours per response. Send comments on the Agency's need for this information, the accuracy of the provided burden estimates and any suggested methods for minimizing respondent burden to Director, Information Engagement Division; U.S. Environmental Protection Agency (2821T); 1200 Pennsylvania Ave., NW; Washington, D.C. 20460. Include the OMB control number in any correspondence. Do not send the completed form to this address.

Semi-Annual Report Form:

Emerging Contaminants (EC) in Small or Disadvantaged Communities Grant (SDC) Semi-Annual Report

DRINKING WATER INFRASTRUCTURE IMPROVEMENTS - Reduction of Lead Exposure in the Nation's Drinking Water Systems through Infrastructure and Treatment Improvements

1. Reporting Start Date *
07/01/2023

2. Reporting End Date *
12/31/2023

3. State *
HI - Hawaii

4. EPA Grant Number *
The grant number on the EPA grant award certificate
98T77301-0 HI Dept of Health

5. Does the project assist small or disadvantaged community (or both)
Small Community

6. Funding Vehicle and recipient: Subawardee? Contractor? Interagency Agreement?
Contractor

7. Census Tract Info
ty

8. Project Milestones
445

9. Does the project have any climate adaptation projects

Question to be removed

Note: Renumber subsequent questions following the removal of Question #9.

10. Communities being served (if different from grantee or subawardees)
45

11. Public Water Systems being served
454

12. PWSID
HI0000401: ANAHOLA

13. Community demographics (open text format)
454

14. Contaminant(s) that project addresses
54

DRINKING WATER INFRASTRUCTURE IMPROVEMENTS - Reduction of Lead Exposure in the Nation's Drinking Water Systems through Infrastructure and Treatment Improvements

Progress Reporting

15. Percentage of workplan completed for the State

16. Total expended during reporting period

17. The reasons why established outputs/outcomes were not met

18. Changes in key personnel during reporting period

19. Progress relative to outcomes/outputs in workplan

20. Additional Pertinent information, including, when appropriate, analysis and explanation of cost overruns or high-unit costs.

21. What education and outreach efforts were made during this reporting period?

22. Project progress relative to milestones (per reporting period)

23. Data and details on the grant awardee's outreach, training, and technical assistance activities, as described in the EPA grant project's workplan, that occurred during the reporting period

24. Contaminant(s) that project addresses

25. Number of public water systems evaluated for emerging contaminant detections of concern.

26. Number of treatment projects or activities targeting emerging contaminants reduction.

Emerging Contaminants

Are emerging contaminants being addressed by the assistance agreement?

Yes

Is PFAS being addressed?

Yes

Please identify the contaminant(s) being addressed:

Perfluoroalkyl and polyfluoroalkyl substances (PFAS)

Is Persistent Organic Pollutants (POPs) being addressed?

Yes

Please identify the contaminant(s) being addressed:

- Polybrominated diphenyl ethers (PBDEs)
- Perfluorinated organic acids

Is Biological contaminants and microorganisms being addressed?

Yes

Please identify the contaminant(s) being addressed:

- Emerging pathogens

Please identify the contaminant(s) being addressed:

- Emerging pathogens
- Other

Is Pharmaceuticals being addressed?

Yes

Please identify the contaminant(s) being addressed:

- Antidepressants
- Growth promoters
- Investigational new animal drugs

Is Personal Care Products (PPCPs) being addressed?

Yes

Please identify the contaminant(s) being addressed:

- Detergents
- Other
- UV filters

Is Microplastics/Nanoplastics being addressed?

Yes

Please identify the contaminant(s) being addressed:

- Other
- 6PPD

Is Nanomaterials being addressed?

Yes

Please identify the contaminant(s) being addressed:

- Other

Other contaminant not listed?

Yes

DRINKING WATER INFRASTRUCTURE IMPROVEMENTS - Reduction of Lead Exposure in the Nation's Drinking Water Systems through Infrastructure and Treatment Improvements

Build America Buy America (BABA) Reporting

27. Waivers used?

- Yes
- No

28. Which waivers?

Can select multiple Waivers

- Nonavailability
- Public interest
- Unreasonable cost waivers

29. For states administering sub-grants, provide inspection checklist and schedule

30. Construction - percent complete

31. Compliance with waiver, if using (e.g. small projects; is the project still under $X)

32. If complying with BABA; e.g. review of manufacturer's certification for products or explanation/justification as OMB sets the requirements.

BABA documentation on utiliziation of waivers, if applicable
