

Welcome to NASA Solicitation and Proposal Integrated Review and Evaluation System

To submit a research proposal to NASA, individuals and the organizations with which they are affiliated must be registered in NSPIRES. Individuals may register at any time. Organizations are required to have a valid registration with the [System for Award Management \(SAM\)](#) before they can register in NSPIRES.

User Registration

Anyone can become a registered user of NSPIRES.

Registration is required in order to:

- Prepare and submit NASA research NOIs/proposals
- Participate in the Peer Review process.
- Manage your organization's proposals

However, in order to submit proposals or manage an organization, a user must be affiliated with an organization registered with NSPIRES.

[Begin User Registration](#)

Organization Registration

Registering with NSPIRES will enable your organization to manage and submit proposals to NASA for consideration of an award.

Organizations that would like to register with NSPIRES are required to have a valid registration with the [System for Award Management \(SAM\)](#). Once the organization has a SAM record, the listed Organization Point of Contact must register as a user with NSPIRES, log on, then begin the organization registration process.

Privacy and Paperwork Reduction Act Statement

Privacy Act Statement

Authority: 51 U.S.C. 20102, et seq., The National Aeronautics and Space Act of 1958, as amended.

Purpose(s): 1. To store and evaluate proposals or other information related to participation in NASA opportunities, i.e., to compete for or receive funding, e.g., assistance, i.e., grants or cooperative agreements, acquisitions, and Space Act Agreements, including for projects conducted on a no-exchange-of-funds basis. 2. To identify, invite, and when applicable, pay, subject matter experts (a) to serve as reviewers in a NASA merit review or related processes; (b) to apply for a NASA position or NASA-related position; and/or (c) to attend a NASA meeting or participate in another type of engagement. 3. To study progress and results of NASA activities for program management, evaluation, or public reporting.

Routine Uses As permitted by the Privacy Act of 1974, as amended, use of Opportunities and Associated Reviewers (NASA 100AAR) information occurs in accordance with the Routine Uses and NASA Standard Routine Uses listed in the system of records notice(s) published in the Federal Register (FR). NASA 100AAR's initial FR document number was 2023-03749 in 88 FR 11479 published February 23, 2023. A full copy of the most recent FR notice may be downloaded at <https://www.nasa.gov/content/nasa-privacy-act-system-of-records-notices-sorns>. 1. Information from this system may be merged with other systems to complete public reporting, studies or evaluations as required by public law, regulations and/or executive orders.

Disclosure: Providing information is voluntary; however, failure to provide full and complete information may reduce the possibility of receiving NASA funds or engaging in another type of NASA opportunity.

Paperwork Reduction Act Statement

The public burden to complete this information collection is estimated at 120 hours per response, including time for reviewing instructions, searching data sources, gathering and maintaining the data needed, and completing and reviewing the collected information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Christiane.Diallo@nasa.gov. Current information regarding this collection of information - including all background materials - can be found at <https://www.reginfo.gov/public/do/PRAMain> by using the search function to enter either the title of the collection or 2700-0092.

Affiliations

An affiliation is a relationship between a person and an organization that is registered in NSPIRES. You need to become affiliated with an organization if:

- 1. You are listed as a researcher (PI, Co-I) on a current or future NASA research proposal or award.
- 2. You work in the organization's Sponsored Research Office (SRO).

Identifying this relationship is a prerequisite for proposal submission.

Associations

An association indicates a past or present working relationship between you and an organization. An association is similar to an affiliation in that both establish a relationship between a person and an organization. However, this relationship does not have to be confirmed by the organization. Indicating these relationships will help NASA in identifying potential conflict of interest situations during peer review of proposals.

You will be able to add your association after registration.
