PRA Public Burden Statement

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0648-0789. Without this approval, we could not conduct this information collection. Public reporting for this information collection is estimated to be approximately 24 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. All responses to this information collection are mandatory within 2 days of a modification or replacement pursuant to 50 CFR § 600.1511 and the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*). The purpose of this notification is to inform NMFS Office of Law Enforcement (OLE) of any changes or modifications to a type-approved EMTU, EMTU-C, MTU configuration, MCS, or bundle so NMFS can determine whether an amended type-approval is required to maintain program compliance. Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden, to the National Marine Fisheries Service, Office of Law Enforcement, 1315 East-West Highway, Suite 3301, Silver Spring, MD 20910, Attn: VMS Program Manager.
