WELCOME TO FDA DIRECT

FDA Direct is U.S. Food and Drug Administration's web-based and free structured product labeling (SPL) authoring tool. Previously CDER Direct, FDA Direct now includes CDER Direct and Cosmetics Direct. Users can create separate accounts, depending on drugs or cosmetics submissions, or a single account that includes both CDER Direct submissions as well as Cosmetics Direct submissions.

CDER Direct

CDER Direct allows users to easily create and submit data directly to the FDA. This system will provide information to FDA/CDER about drug manufacturers and private label distributors, outsourcing facilities, wholesale drug distributors and third-party logistics, and generic drug facilities, along with their drugs in U.S. commercial distribution. CDER Direct has several sections which allows submission of the following data to the FDA: Establishment Registration and Drug Listing, including NDC Labeler Code Requests and NDC Reservations, Outsourcing Facility and Product Reporting, DSCSA Annual Reporting, and Generic Drug Self-Identification.

Cosmetics Direct

On December 29, 2022, the President signed the Consolidated Appropriations Act, 2023 (Pub. L. 117-328) into law, which included the Modernization of Cosmetics Registration Act of 2022 (MoCRA). Among other provisions, MoCRA added section 607 to the Federal Food, Drug, and Cosmetic Act (FD&C Act), establishing requirements for cosmetic product facility registration and cosmetic product listing.

Section 607(a) of the FD&C Act requires every person that owns or operates a facility that engages in the manufacturing or processing of a cosmetic product for distribution in the United States to register each facility with FDA. Section 607(c) of the FD&C Act requires that for each cosmetic product, the responsible person submit to FDA "a cosmetic product listing." Certain small businesses, as defined in section 612 of the FD&C Act, are exempt from the registration and listing requirements. [Click here](#) to learn more about MoCRA.

This free tool allows you to create and submit the following types of data directly to the FDA: Registration of Cosmetic Product Facility and Cosmetic Product Listing. This system will provide information to FDA/Office of Cosmetics and Colors (OCC) about cosmetic product manufacturers/processors and cosmetic products on the market.

Note: Section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d), as amended by the Workforce Investment Act of 1993, requires that all electronic and information technology (EIT) products and services developed, acquired, maintained, or used under this contract/order must comply with the "Electronic and Information Technology Accessibility Provisions" set forth by the Architectural and Transportation Barriers Compliance Board (also referred to as the "Access Board") in 36 CFR part 1194. Information about Section 508 is available at <http://www.section508.gov/>.

REGISTRATION OF COSMETIC PRODUCT FACILITY

For assistance with validation errors in Cosmetics Direct, contact cosmeticsdirect@fda.hhs.gov. For general questions regarding electronic registration of cosmetic product facilities, contact eRLC@fda.hhs.gov.

A summary of registration information for cosmetic product facilities is provided below. For more information, please also refer to: [Registration & Listing of Cosmetic Product Facilities and Products](#).

In general, every person that owns or operates a facility that engages in the manufacturing or processing of a cosmetic product for distribution in the United States must register each facility (section 607(a)(1) of the FD&C Act). Please refer to FDA's guidance document for the description of "facility" and exemptions, such as for "small business" in the registration context: [Guidance for Industry: Registration and Listing of Cosmetic Product Facilities and Products](#). For more information, please also refer to: [Registration & Listing of Cosmetic Product Facilities and Products](#).

To facilitate the registration process, the owner or operator of a facility will need to obtain an FEI number before submitting the facility registration. To determine if an entity already has an FEI number, please refer to the [FEI Search Portal](#). If your firm does not have an FEI number assigned by FDA, see [How can I request an FEI? at FEI Search Portal \(fda.gov\)](#).

If ‘**YES**’ is selected for the question, then all fields are optional.

This screenshot shows the 'Cosmetic Facility' form in the FDA's regulatory system. The breadcrumb trail at the top indicates the path: All Submissions > Cosmetic Product Listing > Cosmetic Products > Product(s), Ingredient(s), and Facility(ies) > Cosmetic Facility. A red box highlights the 'SAVE FACILITY' button in the top right corner. A blue box highlights the question: 'Is the facility where the product is manufactured or processed exempt from registration (for example because it is a small business)?'. The 'YES' radio button is selected. Below the question, the form contains several input fields: 'Facility FEI:', 'Facility Country:' (a dropdown menu showing '-Select Country-'), 'Facility Name:', 'Facility Street Address:', 'Facility City:', 'Facility State or Province:', and 'Facility Zip/Postal Code:'. All these fields are currently empty.

If ‘**NO**’ is selected for the question, then the ‘**Facility FEI**’ number is mandatory, and the name/address fields are greyed out.

This screenshot shows the same 'Cosmetic Facility' form, but with the 'NO' radio button selected for the exemption question. A red box highlights the 'SAVE FACILITY' button. The 'Facility Registration Number:' field is now mandatory, indicated by a red asterisk, and its input box is active. The 'Facility Name:', 'Facility Street Address:', 'Facility City:', 'Facility State or Province:', and 'Facility Zip/Postal Code:' fields are now greyed out, indicating they are optional. The 'Facility Country:' dropdown remains the same. The breadcrumb trail and navigation buttons are consistent with the previous screenshot.

Enter the information in each field. Fields marked with a red asterisk (*) are required.

REGISTRATION OF COSMETIC PRODUCT FACILITY

For assistance with validation errors in Cosmetics Direct, contact cosmeticsdirect@fda.hhs.gov. For general questions regarding electronic registration of cosmetic product facilities, contact eRLC@fda.hhs.gov.

A summary of registration information for cosmetic product facilities is provided below. For more information, please also refer to: [Registration & Listing of Cosmetic Product Facilities and Products](#).

In general, every person that owns or operates a facility that engages in the manufacturing or processing of a cosmetic product for distribution in the United States must register each facility (section 607(a)(1) of the FD&C Act). Please refer to FDA's guidance document for the description of "facility" and exemptions, such as for "small business" in the registration context: [Guidance for Industry: Registration and Listing of Cosmetic Product Facilities and Products](#). For more information, please also refer to: [Registration & Listing of Cosmetic Product Facilities and Products](#).

To facilitate the registration process, the owner or operator of a facility will need to obtain an FEI number before submitting the facility registration. To determine if an entity already has an FEI number, please refer to the [FEI Search Portal](#). If your firm does not have an FEI number assigned by FDA, see [How can I request an FEI? at FEI Search Portal \(fda.gov\)](#).
