We are returning your request for information about deferred vested pension rights. We have no pension information recorded under the name and Social Security number you gave us.

What Are “Deferred Vested” Benefits?

“Deferred vested” benefits are future benefits from a private pension plan. These benefits are not Social Security benefits, but come from private pension plans.

A person who can receive deferred vested benefits must have:

- Left a job covered by a private pension plan before retirement age; and,
- Earned a right to future pension benefits under the plan.

How We Get Pension Plan Information

The plan administrator files a form with the Internal Revenue Service (IRS). This form identifies workers that have earned “deferred vested” benefits under the plan. IRS sends a copy of the form to us.

Rather than wait for us to receive the form, you may wish to contact the plan administrator.

For Pension Plan Information

Please contact the plan administrator listed in the enclosed notice. We do not decide on benefits in private pension plans.

Are you having trouble getting information about the pension plan? The Employee Benefits Security Administration (EBSA) can help you. EBSA is part of the U.S. Department of Labor. To find out more, Please:

- Visit the EBSA website at <https://www.dol.gov/sites/dolgov/files/EBSA/about-ebsa/our-activities/resource-center/faqs/ssa-potential-private-benefit-information-notice.pdf> or

- Call an ESBA Benefit Advisor toll free at 1-866-444-3272 or
- Write to U.S. Department of Labor, Employee Benefits Security Administration, DTAI, Suite 400, 200 Constitution Ave. NW, Washington, DC 20210. Please include a copy of this notice if you write to EBSA.
