In accordance with the requirements of the Paperwork Reduction Act of 1995, this notice seeks comments concerning the Tribal Homeland Security Grant Program (THSGP) investment justification, which allows Indian Tribes to apply for Federal Funding to support efforts to achieve target capabilities related to preventing, preparing for, protecting against, or responding to acts of terrorism.

DATES: Comments must be submitted on or before December 15, 2026.

ADDRESSES: To avoid duplicate submissions to the docket, please submit comments at <http://www.regulations.gov> under Docket ID FEMA-2026-0661. Follow the instructions for submitting comments.

All submissions received must include the agency name and Docket ID. You may contact the Information Management Division for copies of the proposed collection of information at email address: FEMA-Information-Collections-Management@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The purpose of the THSGP is to make grants available to Federally-recognized “directly eligible tribes,” as defined by section 2005 of the Homeland Security Act of 2002 (codified as amended at 6 U.S.C. 606), and to provide Tribes with the ability to develop and deliver core capabilities using the combined efforts of the whole community, rather than the exclusive effort of any single organization or level of government. The THSGP’s allowable costs support efforts of Tribes to build and sustain core

capabilities to prepare for, prevent, protect against, and respond to acts of terrorism. The THSGP also plays an important role in the implementation of the National Preparedness System by supporting the building, sustainment, and delivery of core capabilities essential to achieving FEMA’s National Preparedness Goal of a secure and resilient Nation. Federally recognized Tribes are those Tribes appearing on the list published by the Secretary of the Interior pursuant to the Federally Recognized Indian Tribe List Act of 1994 (Pub. L. 103-454) (25 U.S.C. 5131). “Directly eligible tribes” are defined in section 2001 of the Homeland Security Act of 2002, as amended (Pub. L. 107-296) (6 U.S.C. 601).

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <https://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency’s estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

OMB Control Number: 1652–0032.

Forms: Transportation Security Officer Medical Questionnaire and TSO Medical Clearance Form.

TSA is seeking renewal of this information collection for the maximum 3-year approval period.

The online SOMQ, like the prior paper SOMQ, enables TSA to collect the information necessary to assist in making determinations regarding candidates’ medical and physical abilities to successfully perform the job. The TSO Medical Clearance Form also helps TSA ascertain the candidates’ medical and physical abilities to successfully perform the job. The TSO Medical Clearance Form is completed by a licensed physician or other licensed health practitioner to indicate whether the candidate is able to perform a list of the duties of a TSO.
