The Board discloses aggregate data received but does not generally disclose individual respondent information. To the extent that information submitted in response to the FR 2034 is made available to the public, it would not be considered confidential and would not raise a question of confidentiality. However, to the extent that the information that firms submit to the Board is not available to the public (or has not yet been made available to the public, but will be published at a later date), the information would qualify as confidential. This confidential information may be exempt from disclosure by the Board, pursuant to exemptions 4 and 8 of the Freedom of Information Act (FOIA) (5 U.S.C. §§ 552(b)(4) and (b)(8)). Exemption 4 covers confidential commercial or financial information that is customarily and actually treated as private by its owner and provided to the government under an assurance of privacy. If a respondent firm does customarily and actually keep the information it submits to the Board confidential, this information would be exempt from disclosure under exemption 4. Exemption 8 covers matters contained in or related to examination, operating, or condition reports prepared by, on behalf of, or for the use of an agency responsible for the regulation or supervision of financial institutions. Because the information submitted to the Board in the FR 2034 may be related to the reporting firms' condition and prepared for the use of the Board, an agency responsible for the regulation and supervision of financial institutions, the records containing this information may also be exempt from disclosure under exemption 8.

Public reporting burden for this collection of information is estimated to be an average of 5 hours per response, including the time to gather and maintain data in the required form, to review the instructions, and to complete the information collection. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to: Secretary, Board of Governors of the Federal Reserve System, 20th and C Streets, NW, Washington, DC 20551; and to the Office of Management and Budget, Paperwork Reduction project (7100-0325), Washington, DC 20503. The Federal Reserve may not conduct or sponsor, and an organization (or a person) is not required to respond to, a collection of information unless it displays a currently valid OMB control number.
