Your Privacy

The information provided in your online application will be kept private and not disclosed to anyone but the staff of CSR except as otherwise required by law.

OMB Control Number: 0925-0695
Expiration Date: 6/30/2026

---

42 USC Section 241 - Research and Investigations General provides legislative authority to collect information for the ECR program. Your online application to the ECR program is strictly voluntary and there are no consequences for choosing not to participate.

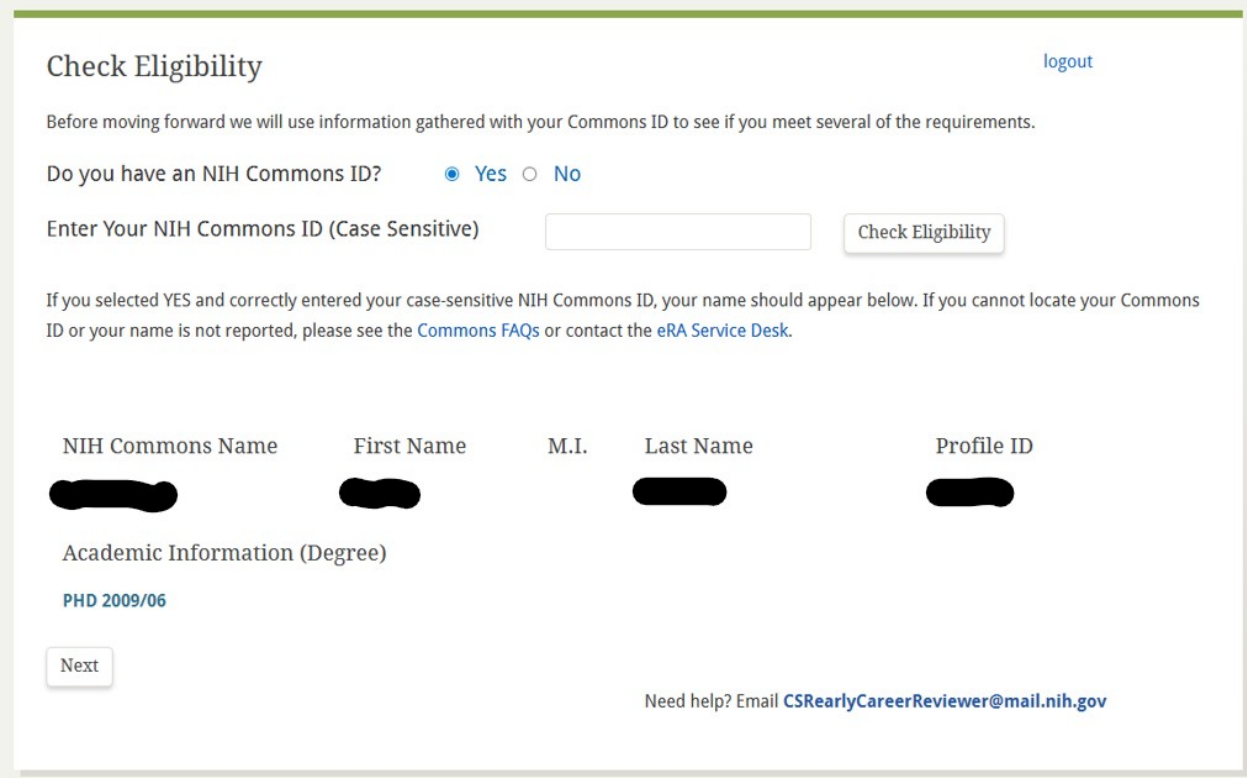

You must complete the application and select "Submit" in order for your application to be processed. You will be able to use your browser keys to move forward and back between screens of the application.

Public reporting burden for this collection of information is estimated to average 25 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0695). Do not return the completed form to this address.

WARNING: You are accessing a U.S. Government website which may contain information that must be protected under the U. S. Privacy Act or other sensitive information and is intended for Government authorized use only. Unauthorized attempts to upload information, change information, or use of this website may result in disciplinary action, civil, and/or criminal penalties. Unauthorized users of this website should have no expectation of privacy regarding any communications or data processed by this website. Anyone accessing this website expressly consents to monitoring of their actions and all communication or data transiting or stored on or related to this website and is advised that if such monitoring reveals possible evidence of criminal activity, NIH may provide that evidence to law enforcement officials.
