General Comment

Requesting Payments—EN & VR Staff (f) 20 CFR 411.575)

We believe it's wise to remove the Proof of Relationship requirement for Phase 1 Milestone 1 to Milestone 3 to reduce administrative burden. Continuing to offer submission of paystubs to expedite payments should be an ongoing option.

Annual Performance Outcome Report -

It is important to clearly identify and report on the specific services provided by ENs, particularly services that directly benefit beneficiaries and support informed decision-making.

SSA 1370 - Ticketholders (a) 20 CFR 411.140(d)(3); 411.325(a); 411.150(b)(3); 20 CFR 411.465)

The IWP is a necessary document to establish the primary goals of our Ticket Holders and to establish expected services an EN will provide. This contract between the beneficiary and EN clarifies expectations and roles and helps to direct the vision and intent of the TTW legislation.
