# Instrument 1: ACF Child Welfare Modernization Industry Day Announcement and Registration

The Administration for Children and Families (ACF) is pleased to invite vendors and industry partners to participate in an upcoming ACF Child Welfare Technology Modernization Industry Day. As ACF advances efforts supporting the recent launch of ACF's Child Welfare Technology Incubator, this session will convene vendors to discuss modernization priorities and opportunities to collaborate in strengthening states' ability to plan, develop, implement, and operate Comprehensive Child Welfare Information Systems (CCWIS) systems.

This virtual session will focus on ACF's child welfare technology modernization efforts for CCWIS and create space for dialogue on how industry can help ACF advance the Administration's child welfare goals—strengthening data transparency, accelerating innovation, and improving outcomes for children and families. The discussion will also build on the recent launch of ACF's Child Welfare Technology Incubator, which is designed to help states scale more modern, modular, and user-centered approaches to CCWIS and guide states' readiness and governance as a vital first step. Vendor feedback will help ACF refine guidance, identify shared challenges across states and solution providers, and shape future program and technology supports.

**Session Details:**

When: June 26, 2026 @ 3:00 PM ET

Duration: 90 minutes

Where: Virtual Teams Meeting (link to be provided)
